

# East Campus Pond Conversion

## Goals:

- More Natural Environment
- Enhance Wildlife
- Reduce maintenance
- Connect space to people

*Removed feeding station*

*Treated invasive plants*

*Removed island*

*Removed fence*

*Removed non-native bird and fish species*

## *Rushes and Sedges*

## *Lotus and Lilies*

## **Improvements:**

- Added aquatic and shore plants
- Added native fish and turtles
- Created walkway with sidewalk and boardwalk
- Added turtle platforms and bird houses for wildlife
- Added waterfall feature

## *Wildlife and habitat*

## *Shoreline plants*
