

AI Ecosystem Team workshop

Jan 10-12, 2007 8:30-4:30

Director's conference room, AFSC, Seattle, WA

DISCUSSION NOTES

FEP Draft chapters 1 and 2

- Reordering of sections
- Boundary – people raised again the question of the boundary for the ecosystem. We have the current boundary due to a decision of the Council/Ecosystem Committee.
- Case study/connections stories
- Purpose of FEP
- Missing elements?

Drafting FEP chapters 2.3 (old), 3-6

Consultation in communities

- Logistics (who, when, what setup do we need) – Adak, Atka, Nikolski, Unalaska, (?Akutan)
- Nature of consultation (what is our objective?)

Goal for June 2007

- What product can we accomplish by then?
- Remembering the 'glossy'
- Schedule/milestones for next 6 months

Marine Science Symposium

- are we trying to do anything for this? (FW)
