POSTAL SERVICE

39 CFR Part 20

Customs Label Requirements When Mailing Items Internationally

AGENCY: Postal Service™.

ACTION: Final rule.

SUMMARY: The Postal Service has revised its customs label requirements when mailing items internationally. This revision will comply with the Universal Postal Union (UPU) Letter Post Regulations.

DATES: *Effective Date:* July 1, 2009.

FOR FURTHER INFORMATION CONTACT: Rick Klutts, 813–877–0372.

SUPPLEMENTARY INFORMATION: The Postal Service is revising *Mailing Standards of the United States Postal Service*, International Mail Manual (IMM®) part 123 and sections 217.3, 232.4, 244.5, and 276 to comply with Article RL 152.5 of the Universal Postal Union (UPU) Letter Post Regulations. Under that provision, all small packet items must bear customs declarations CN 22 (PS Form 2976) or CN 23 (PS Form 2976–A), depending on value and regardless of whether the items are ordinarily subject to customs control in the destination country. Small packets are Letter Post items that are not letters, cards, or flats, and that typically contain merchandise or other goods.

In terms of Postal Service products, the small packet category includes package-size First-Class Mail International™ items and the Priority Mail® Small Flat-Rate Box, as well as certain Priority Mail Flat-Rate Envelopes meeting specific physical characteristics. We clarify that all such items, regardless of contents or value, must bear a PS Form 2976, *Customs Declaration CN 22—Sender’s Declaration*. Current Postal Service standards only require a customs declaration for package-size First-Class Mail International items that contain potentially dutiable contents.

This change also applies to “known mailers”, as defined in IMM 123.62, who send documents weighing 16 ounces or more. With these revisions,

only mailpieces that meet the physical characteristic of a letter or flat may qualify—small packet items must bear a PS Form 2976.

For customer convenience, this change allows the Priority Mail Flat-Rate Envelopes containing only non-dutiable document contents weighing less than 16 ounces, and that are flat-size (no more than ¾ inch thick and uniformly thick), to be mailed without a PS Form 2976. However, a customs declaration will still be required for First-Class Mail International items and Priority Mail Flat-Rate Envelopes with non-dutiable contents if those items weigh 16 ounces or more.

As a further result of UPU Letter Post Regulation Article RL152, which stipulates that customs declarations must be affixed to the outside of the mailpiece, and consistent with USPS® aviation security guidelines, we will no longer allow the option to place a PS Form 2976 on the outside of a package and insert the required PS Form 2976–A within the package.

We are also clarifying that packaging must be large enough to accommodate the applicable customs form(s), postage, and any applicable markings and extra service labels on the address side of the item to be mailed, and that items requiring an export license must always use a PS Form 2976–A. As a result of these requirements, and consistent with UPU Articles RC 120 and 121, we are clarifying in Exhibit 123.61 that PS Form 2976–A (which is a parcel customs declaration) may not be used on Letter Post items. Letter Post items include First-Class Mail International items, the Priority Mail International flat-rate envelope and small flat-rate box, International Priority Airmail (IPA) items, and International Surface Air Lift (ISAL) items. Consequently, certain items that were previously mailable in one of the aforementioned Letter Post categories will now be required to be mailed via a different category of mail. Specifically, these include First-Class Mail International items over \$400 in value, or any item requiring an export license.

The Postal Service adopts the following changes to *Mailing Standards of the United States Postal Service*, International Mail Manual (IMM), which is incorporated by reference in the *Code of Federal Regulations*. See 39 CFR Part 20.

123.62 Known Mailers

[Revise 123.62 as follows:]

123.621 Overview

A “known mailer” may be exempt from the customs form requirement that would otherwise apply to flat-size mailpieces as defined in 243, weighing 16 ounces or more. A “known mailer”

must meet one of the definitions in 123.622 and must meet the conditions in 123.623.

123.622 Definition

A “known mailer” must meet one of the following definitions:
 a. A federal, state, or local government agency whose mail is regarded as Official Mail.

b. A contractor who sends out prepaid mail on behalf of a military service, provided the mail is endorsed “Contents for Official Use—Exempt from Customs Requirements.”

c. A business mailer who enters volume mailings through a business mail entry unit (BMEU) or other bulk mail acceptance location, completes a

postage statement at the time of entry, pays postage through an advance deposit account, and uses a permit imprint for postage payment. For this purpose, the categories of mail that qualify are as follows:

1. Priority Mail International flat-rate envelope.
2. First-Class Mail International service.
3. International Priority Airmail (IPA) service.
4. International Surface Air Lift (ISAL) service.

123.623 Conditions

The following conditions apply to "known mailers":

1. The mailpieces must contain no merchandise items or other contents that are potentially dutiable.
2. The mailpieces must be letter-size or flat-size as defined in 243.
3. If the mailpieces are mailed with a postage statement, the mailer must certify on the postage statement that the mailpieces contain no dangerous materials that are prohibited by postal regulations.
4. The import regulations of the destination country must allow individual mailpieces without a customs form affixed.
5. For IPA and ISAL mailings, the mailer must pay with a permit imprint or with a combination postage method (meter postage affixed to the piece and additional postage by permit imprint). IPA and ISAL mailpieces that are paid for by postage solely with a meter do not qualify for the "known mailer" exemption.

[EPA-HQ-SFUND-2000-0007; FRL-8912-1]

National Oil and Hazardous Substance Pollution Contingency Plan; National Priorities List

AGENCY: Environmental Protection Agency.

ACTION: Direct Final Notice of Deletion of the Callaway & Son Drum Services Superfund Site from the National Priorities List.

SUMMARY: The Environmental Protection Agency (EPA) Region 4 is publishing a direct final Notice of Deletion of the Callaway & Son Drum Services Superfund Site, located in Lake Alfred, Polk County, Florida from the National Priorities List (NPL). The NPL, promulgated pursuant to section 105 of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) of 1980, as amended, is an appendix of the National Oil and Hazardous Substances Pollution Contingency Plan (NCP). This direct final deletion is being published by EPA with the concurrence of the State of Florida, through the Florida Department of Environmental Protection, because EPA has determined that all appropriate response actions under CERCLA, other than five-year reviews, have been completed. However, this deletion does not preclude future actions under Superfund.
