

DEMOCRATS TAKE HEALTH REFORM ON THE ROAD

Democratic Members of the 111th Congress have conducted a total of 557 health care reform activities around the country over the past few months. Returning to their districts on weekends and during district work periods, Members have engaged with their constituents on how Congress can enact reform that provides peace of mind to all Americans that they can access quality, affordable care, while preserving patient choice of plan and doctors.

*No Democratic Members in this state.
