CEMENT IN MAY 2009

This report provides monthly data on the shipments of cement to final customers, and the production of clinker, in the United States from January 2008 through the current month.¹ Data on the imports of cement and clinker for the current month are also provided.

Total shipments of portland and blended cement in the United States and Puerto Rico for May 2009 were about 6.2 million metric tons (Mt). This was about 32% lower than shipments in May 2008 (tables 2A and 2B). Year-to-date shipments were about 26.6 Mt, down by about 30%. The leading producing States (Texas, California, Michigan, Pennsylvania, and Missouri, in descending order) shipped about 39% of the May total (table 1A). The leading consuming States (Texas, California, Florida, New York, and Illinois, in descending order) received almost 35% of May's total shipments (tables 2A and 2B).

Clinker production totaled 4.9 Mt, nearly 33% lower than the production in May 2008 (table 4). Year-to-date production was

¹Footnoted revisions to the historical data are those received since the publication of the previous month's edition of this report. Data for the current month may contain revisions (not indicated by footnotes) received since the publication of the preliminary edition of the current month's report.

23.3 Mt, down by about 28%. The leading clinker-producing States (California, Texas, Alabama, Indiana, and Missouri, in descending order) produced about 43% of the May total.

Masonry cement shipments in May of nearly 186,000 metric tons (t) were about 35% lower than shipments for May 2008 (table 2C). Year-to-date shipments were about 866,000 t, down by about 34%. The leading consuming States in May, in descending order, were Florida, Texas, California, North Carolina, and Georgia, and these States received about 46% of May's total shipments.

Tables 5, 6, and 7 contain import data from the U.S. Census Bureau. Data for clinker imports into the Seattle and possibly the Detroit customs districts are likely incomplete owing to some shipments arriving overland from Canada on an informal entry basis. May 2009 imports of cement and clinker of nearly 715,000 t were down by about 46% from imports in May 2008. Year-to-date imports were about 2.5 Mt, down by 51%.

An e-mail notification will be sent to MI-CEMENT list service subscribers when new publications or data releases become available. For more information, refer to USGS Minerals Information Publication List Services at: <http://minerals.usgs.gov/minerals/pubs/listservices.html>.

¹Revised.

²Data are unrounded but are believed to be accurate to no more than three significant digits.

³Includes cement manufactured from imported clinker.

⁴Data may not add to totals shown because of independent rounding.

⁵Beginning January 2009, Maryland is included in Georgia, Virginia, West Virginia.

⁶Beginning January 2009, California, northern, is included in California, southern.

⁷As reported by domestic and Canadian cement manufacturers and other importers.

W Withheld to avoid disclosing company proprietary data; included in totals. -- Zero.

¹Data are unrounded but are believed to be accurate to no more than three significant digits.

²Includes cement manufactured from imported clinker.

³Data may not add to totals shown because of independent rounding.

⁴Beginning January 2009, masonry shipments for California, southern includes California, northern.

⁵As reported by domestic and Canadian cement manufacturers and other importers.

^rRevised.

¹Data are unrounded but are believed to be accurate to no more than three significant digits.

²Includes imported cement and cement manufactured from imported clinker.

³As reported by domestic and Canadian cement manufacturers and other importers.

⁴Data may not add to totals shown because of independent rounding.

-- Zero.

¹Data are unrounded but are believed to be accurate to no more than three significant digits.

²Includes imported cement and cement manufactured from imported clinker.

³Blended cement defined per ASTM standard C595.

⁴Includes U.S. possessions and territories.

⁵Data may not add to totals shown because of independent rounding.

¹Revised.

²Data are unrounded but are believed to be accurate to no more than three significant digits.

³Beginning May 2009, clinker produced in Pennsylvania, western, is included in Pennsylvania, eastern.

⁴Data may not add to totals shown because of independent rounding.

⁵Beginning January 2009, clinker production in Maryland is included in Georgia, Virginia, and West Virginia.

⁶Beginning January 2009, clinker production in California, northern, is included in California, southern.

Total:					
Quantity	714,937	2,514,039			
Value ²	\$62,337,471	\$225,492,169			

-- Zero.

¹Includes white cement and clinker.

²Value = c.i.f. (cost, insurance, and freight).

³Data for the Seattle and Detroit districts for imports from Canada are believed to be underrepresented with respect to clinker.

⁴Material from China into Great Falls, MT, is believed to be from Canada.

Source: U.S. Census Bureau.
