AGENCY: U.S. International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade Commission has determined not to review an initial determination (“ID”) (Order No. 51) issued by the presiding administrative law judge (“ALJ”) extending the target date for completion of the above-captioned investigation to Monday April 14, 2008.

SUPPLEMENTARY INFORMATION: This investigation was instituted on July 12, 2006, based on a complaint filed by QUALCOMM Incorporated of San Diego, California (“Qualcomm”). The complaint, as amended, alleged violations of section 337 of the Tariff Act of 1930 (19 U.S.C. § 1337) in the importation into the United States, the sale for importation, and the sale within the United States after importation of certain mobile telephone handsets, wireless communications devices, and components thereof by reason of infringement of certain

claims of six U.S. patents. 71 *Fed. Reg.* 39362 (July 12, 2006). The complaint named Nokia Corporation of Finland and Nokia Inc. of Irving, Texas, as respondents. Subsequently, the investigation was terminated as to three patents. The complaint, as amended, further alleged that an industry in the United States exists as required by subsection 337(a)(2).

On October 16, 2007, the ALJ issued an ID (Order No. 51) extending the target date for completion of this investigation by one month from March 12, 2008, to Monday, April 14, 2008. The ALJ determined that the extension of the target date was necessary in light of recent investigation reassignments and to provide adequate time for preparing the final initial determination. No petitions for review were filed. The Commission has determined not to review the ID.

The authority for the Commission's determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. § 1337), and in section 210.42 of the Commission's Rules of Practice and Procedure (19 C.F.R. § 210.42).

By order of the Commission.

Secretary to the Commission
