

## Library Internships, Independent Study & Volunteer Opportunities

### National Marine Fisheries Service Northeast Fisheries Science Center

#### WHAT?

Gain marine science library experience at the Northeast Fisheries Science Center laboratories. Up to 16 weeks for full or half-time students. Most positions are for credit, independent study or as a volunteer. Some salaried positions may be available for summer internships.

#### WHERE?

On the Atlantic Ocean in Woods Hole, MA or Highlands, NJ

#### WHEN?

Any semester, quarter or season. You arrange your own lodging and travel.

#### WHY?

Build your career, explore marine science and Federal librarianship. Design your own independent study projects.

#### HOW ?

Email us early with your questions -- 3-4 months ahead of your planned session.

#### WHO?

Jacqueline Riley, Librarian  
NMFS NEFSC  
166 Water St.  
Woods Hole MA 02543  
[Jacqueline.Riley@noaa.gov](mailto:Jacqueline.Riley@noaa.gov)

Claire Steimle, Librarian  
NMFS NEFSC  
74 Magruder Rd.  
Highlands NJ 07732

#### About Us

[www.nefsc.noaa.gov](http://www.nefsc.noaa.gov)

- Learn from experienced librarians responsible for 4 marine science laboratories.
- Interact with marine scientists -- fisheries biologists, chemists, statisticians, taxonomists, oceanographers, ecologists.
- Get acquainted with online marine science information and key resources.
- Visit and network with other internationally-known science research libraries in the communities.
- Tour research vessels or volunteer for ship-time research.
- Work with applications such as *Dreamweaver*, *EndNote* and *Oracle*.
- Enjoy resort living, informal dress (jeans, t-shirts, tennis shoes) and summer cookouts.
