On October 1, 2007, a new Bronze level of recognition was added to the HealthierUS School Challenge. There are now three levels of recognition: Gold, Silver, and Bronze. The criteria for the Bronze level are the same as the Silver criteria, with one exception—percent average daily participation (ADP). For Bronze recognition, the school must have an ADP of 62% of enrollment.

HealthierUS School Challenge criteria, guidance, and the application process can be found at <http://teamnutrition.usda.gov/HealthierUS/index.html>.

Sincerely,
