

Health Literacy Resource List for Educators

March 2007

This publication is a collection of resources on the topic of health literacy, tools for developing/evaluating materials and sources of easy-to-read nutrition materials. Many of the resources are Web-based; however, some are also available in print. Materials may also be available to borrow from the National Agricultural Library (NAL). Lending and copy service information is provided at the end of this document. If you are not eligible for direct borrowing privileges, check with your local library on how to borrow through interlibrary loan. Materials cannot be purchased from NAL. Contact information is provided if you wish to purchase any materials on this list.

This Resource List is available from the Food and Nutrition Information Center's (FNIC) Web site at http://www.nal.usda.gov/fnic/pubs/bibs/edu/health_literacy.pdf. A complete list of FNIC publications can be found at <http://fnic.nal.usda.gov/resourcelists>.

Table of Contents:

- I. Health and Media Literacy
 - A. Electronic Resources
 - B. National Contacts
- II. Developing and Evaluating Materials
 - A. Electronic Resources
 - B. Tools for Assessing Readability
- III. Sources of Easy-to-Read Nutrition Materials

I. Health and Media Literacy

A. Electronic Resources

California Health Literacy Initiative

Web site: http://cahealthliteracy.org/resource_center.html

Description: Health literacy presentations and tools for adult educators and health professionals.

Making your Healthcare Facility Literacy-Friendly

National Center for the Study of Adult Learning and Literacy

Web site: <http://www.ncsall.net/index.php?id=1163>

Description: Tools for improving the health literacy environment of hospitals and health care centers.

Health Literacy Improvement

U.S. Department of Health and Human Services
Office of Disease Prevention and Health Promotion

Web site: <http://www.health.gov/communication/literacy/default.htm>

Description: Government resources and reports on health communication and literacy.

Health Literacy: A Prescription to End Confusion

Institute of Medicine

Web site: <http://www.nap.edu/catalog/10883.html>

Description: Research as well as recommendations for improving health literacy. Can be read online free; PDF and hard copy of book (368 pages) available for cost.

Health and Literacy Special Collection

World Education

Web site: <http://lincs.worlded.org/index.htm>

Description: Health lessons and activities; easy-to-read health information; multilingual information and health literacy research.

Health Literacy Studies

Harvard School of Public Health

Web site: <http://www.hsph.harvard.edu/healthliteracy/materials.html>

Description: Tools, research and curriculum to support health literacy.

Health and Media Literacy

Center for Media Literacy

Web site: http://www.medialit.org/focus/prev_home.html

Description: Educational and professional resources about media literacy as it relates to health information.

In Plain Language

World Education and National Center for the Study of Adult Learning and Literacy

Web site: <http://www.hsph.harvard.edu/healthliteracy/overview.html#Two>

Description: Video provides information for medical and public health professionals on health literacy and its impact on public health and medicine. Video can be viewed online free; copy of video can be ordered for cost. Includes testimonials from low-literate adults. Slide show with overview of health literacy also available to view.

Low Health Literacy: You Can't Tell by Looking

American Medical Association

Web site: <http://www.ama-assn.org/ama/pub/category/8035.html>

Description: Video featuring a series of interviews conducted with individuals who are unable to read, understand and act on health care information.

Media Literacy

PBS Teacher Source

Web site: http://www.pbs.org/teachers/media_lit/index.html

Description: Activities and resources for incorporating and integrating media literacy into classroom topics (health, science, nutrition, etc).

MediaLiteracy.com

Web site: <http://www1.medialiteracy.com/>

Description: Links and resources concerning media literacy.

New Mexico Media Literacy Project

Web site: <http://www.nmmlp.org/>

Description: Presentations, trainings and curriculum supporting media literacy.

Popular Topics: Improving Health Literacy

Plain Language Action and Information Network (PLAIN)

Web site: http://www.plainlanguage.gov/populartopics/health_literacy/index.cfm

Description: Government resources for defining and addressing health literacy.

B. National Contacts

Alliance for a Media Literate America

721 Glencoe St.

Denver, CO 80220

Phone: 1-888-775-AMLA

Email: info@amlainfo.org

Web site: <http://www.amlainfo.org/>

American Medical Association Foundation

515 North State Street

Chicago, IL 60610

Phone: 312-464-4200

Web site: <http://www.ama-assn.org/ama/pub/category/8115.html>

Center for Media Literacy

PO Box 64-1909

Los Angeles, CA 90064

Phone: 310-581-0260

Email: cml@medialit.org

Web site: <http://www.medialit.org>

National Center for the Study of Adult Learning and Literacy

44 Farnsworth Street

Boston, MA 02210

Phone: 617-482-9485

Email: ncsall@worlded.org

Web site: <http://www.ncsall.net/>

National Institute for Literacy

1775 I Street, NW, Suite 730

Washington, DC 20006

Phone: 202-233-2025

Web site: <http://www.nifl.gov/>

Partnership for Clear Health Communication

1615L St. NW, Suite 1000

Washington, DC 20036

Web site: <http://www.askme3.org/PFCHC/>

II. Developing and Evaluating Materials

A. Electronic Resources

An Author's Guide - Substitute Word List

University of Utah Health Services Center

Web site: <http://uuhsc.utah.edu/pated/authors/substitute2.html>

Description: List of words common in health literature along with substitute words to lower the readability level.

Beyond the Brochure: Alternative Approaches to Effective Health Communication

AMC Cancer Research Center

Web site: <http://www.cdc.gov/cancer/nbccedp/bccpdfs/amcbeyon.pdf>

Description: Booklet to help educators identify means of providing education to low-literate audiences that do not rely upon printed words. Includes information on adapting, developing and testing materials.

Checklist for Assessing Print Materials

United States Department of Health and Human Services

Health Care Financing Administration

Web site: http://www.hsph.harvard.edu/healthliteracy/how_to/guide_cklst.pdf

Description: Guide focusing on writing, designing, and testing written materials.

Clear & Simple: Developing Effective Print Materials for Low-Literate Readers

National Cancer Institute and National Institutes of Health

Web site: <http://www.cancer.gov/cancerinformation/clearandsimple>

Description: Guide outlining a process for developing publications for people with limited-literacy skills. Includes information on target audience research, designing and developing materials and how to pre-test publications.

Guide to Evaluating Audiovisual Nutrition Education Programs

Iowa State University Extension and Iowa Department of Public Health, Bureau of Nutrition and WIC

Web site: <http://www.extension.iastate.edu/Publications/SP121.pdf>

Description: A step-by-step process to evaluating audiovisuals nutrition programs.

Guide to Evaluating Written Nutrition Education Materials

Iowa State University Extension and Iowa Department of Public Health, Bureau of Nutrition and WIC

Web site: <http://www.extension.iastate.edu/Publications/SP119.pdf>

Description: A step-by-step process to evaluating written nutrition education materials.

Guidelines for Communicating the Emerging Science of Dietary Components for Health

International Food Information Council Foundation and Institute of Food Technologists

Web site: <http://www.ific.org/nutrition/functional/guidelines/>

Description: Guidelines for translating research into understandable messages for consumers.

Health CommKey

Rollins School of Public Health Emory University

Web site: <http://cfusion.sph.emory.edu/PHCI/Users/LogIn.cfm>

Description: Online database of health communication research.

How to Write Low Literacy Materials

Journal of Extension

Web site: <http://www.ioe.org/joe/2001february/tt2.html>

Description: Article on writing and evaluating materials for low-literate audiences.

Recipe Checklist: A Tool to Aid Development of Recipes for Audiences with Limited Resources

Journal of Extension

Web site: <http://www.ioe.org/joe/2002december/tt4.shtml>

Description: Article providing guidelines for creating recipes.

Testing Your Materials and Dissemination Strategy

Agency for Healthcare Research and Quality

Web site: http://www.talkingquality.gov/docs/section5/5_1.htm

Description: Methods for testing and improving education and outreach materials.

Using Communication to Improve Nutrition

World Bank

Web site:

<http://web.worldbank.org/WBSITE/EXTERNAL/TOPICS/EXTHEALTHNUTRITIONANDPOPULATION/EXTNUTRITION/0,,contentMDK:20205536~menuPK:282580~pagePK:148956~piPK:216618~theSitePK:282575,00.html>

Description: Part of toolkit for addressing nutrition concerns; incorporates principles of social marketing. A hard copy of the toolkit in its entirety is available at cost.

Writing for a Changing World: Reaching Low Literacy Audiences with Print Material

University of Minnesota Extension

Web site: <http://www.extension.umn.edu/distribution/communications/DL6052.html>

Description: Brochure featuring writing tips and resources designed to help in the communication of health messages to audiences with limited literacy skills.

Writing for Reading: Guide for Developing Print Materials in Nutrition for Low-Literacy Adults

University of Wisconsin-Madison

Web site: <http://www.extension.iastate.edu/nutrition/nutrition/b3545.pdf>

Description: Guide for targeting and developing nutrition information for adults with limited literacy skills.

B. Tools for Assessing Readability

An Author's Guide - The Smog Readability Formula

University of Utah Health Services Center

Web site: <http://uuhsc.utah.edu/pated/authors/readability.html>

Description: Guide to using the SMOG readability formula. Instructions for using the Flesch-Kincaid Grade Level Index also offered.

Discovery School's Teacher Helpers: Fry Readability Graph

Discovery Communications, Inc.

Web site: <http://school.discovery.com/schrockguide/fry/fry.html>

Description: Discusses Fry readability graph and other readability techniques. Provides information on how to use Microsoft Word to analyze readability.

In Other Words...Assessing Readability: Rules for Playing the Numbers Game

Health Literacy Consulting

Web site: <http://www.healthliteracy.com/article.asp?PageID=3806>

Description: Article on preparing materials for readability testing and the pros and cons of using computer software programs to test readability.

SMOG Readability Calculator

G. Harry McLaughlin

Web site:

<http://www.harrymclaughlin.com/SMOG.htm>

Description: Online calculator for the SMOG readability formula.

Writing Tips: The Fog Index

University of Minnesota.

Web site:

http://www.fpd.finop.umn.edu/groups/ppd/documents/information/writing_tips.cfm

Description: Provides an online Fog Index calculator.

III. Sources of Easy-to-Read Nutrition Education Materials

This list provides a sample of organizations and is not all-inclusive.

American Diabetes Association

Attn: Customer Service

1701 North Beauregard St.

Alexandria, VA 22311

Phone: 800-342-2383

Web site: <http://www.diabetes.org>

Sample of Topics Covered: diabetes, heart health, physical activity

American Dietetic Association

216 W. Jackson Blvd.
Chicago, IL 60606
Phone: 800-877-1600 ext. 5000

Web site: <http://www.eatright.org>

Sample of Topics Covered: healthy eating, fats, functional foods, weight management

Channing Bete Company, Inc.

One Community Place
South Deerfield, MA 01373-0200
Phone: 800-477-4776

The National Agricultural Library (NAL) provides lending and photocopying services to USDA employees and USDA program staff. Non-USDA users can obtain materials from NAL through the interlibrary lending services of their local, corporate, or university library. For further information on NAL's document delivery services visit their Web site at <http://www.nal.usda.gov/services/request.shtml>.

For questions on document delivery services please call 301-504-5717 or email <http://request.nal.usda.gov/access/contact.htm>.

The use of trade, firm, or corporation names in this publication (or page) is for the information and convenience of the reader. Such use does not constitute an official endorsement or approval by the United States Department of Agriculture or the Agricultural Research Service of any product or service to the exclusion of others that may be suitable.

The U.S. Department of Agriculture (USDA) prohibits discrimination in all its programs and activities on the basis of race, color, national origin, age, disability, and where applicable, sex, marital status, familial status, parental status, religion, sexual orientation, genetic information, political beliefs, reprisal, or because all or a part of an individual's income is derived from any public assistance program. (Not all prohibited bases apply to all programs.)

Persons with disabilities who require alternative means for communication of program information (Braille, large print, audiotape, etc.) should contact USDA's TARGET Center at (202) 720-2600 (voice and TDD).

To file a complaint of discrimination write to USDA, Director, Office of Civil Rights, 1400 Independence Avenue, S.W., Washington, D.C. 20250-9410 or call (800) 795-3272 (voice) or (202) 720-6382 (TDD). USDA is an equal opportunity provider and employer.
