Rural Information Center

National Agricultural Library
U.S. Department of Agriculture
Beltsville, Maryland 20705

The Rural Information Center (RIC) is a joint project of the Extension Service and the National Agricultural Library (NAL). RIC provides information and referral services to local government officials, community organizations, health professionals and organizations, cooperatives, libraries, businesses, and rural citizens working to maintain the vitality of America's rural areas. The Center combines the technical, subject-matter expertise of Extension's nationwide educational network with the information specialists and resources of the world's foremost agricultural library.

The Office of Rural Health Policy in the Department of Health and Human Services (DHHS) and the NAL jointly created a Rural Information Center Health Service (RICHS) as part of the RIC. RICHS collects and disseminates information on rural health issues, research findings related to rural health, and innovative approaches to the delivery of rural health care services.

SERVICES:

Provide customized information products to specific inquiries including assistance in economic revitalization issues; local government planning projects; rural health issues; funding sources; and other related issues for the purpose of monitoring the quality of rural life.

Process a broad array of general and funding information requests on such topics as:

- Successful strategies, models, and case studies of community development projects
- Small business attraction, retention, and expansion
- Tourism promotion and development
- Recycling programs
- Community water quality
- Technology transfer to rural areas
- Closures, restructuring and diversification of rural hospital and clinics
- Agricultural health and safety
- Health programs, services, personnel issues
- State initiatives concerning rural health delivery issues

Refer users to organizations or experts in the field who can provide additional information.

Perform brief database searches of requested topics on a complimentary basis.

Furnish bibliographies and Rural Information Center Publication Series titles.

Identify current USDA and DHHS research and Cooperative Extension Systems programs.

ACCESS:

*Telephone 1-800-633-7701 (nationwide) or 1-301-504-5547
*Mail Rural Information Center
National Agricultural Library, Room 304
Beltsville, MD 20705-2351

*Electronic Mail through INTERNET (RIC@NALUSDA.GOV)
*NAL Bulletin Board (RIC/RICHS Conference) 1-301-504-6510

Quick Bibliography Series

Document Delivery Services to Individuals

The National Agricultural Library (NAL) supplies agricultural materials not found elsewhere to other libraries.

Filling requests for materials readily available from other sources diverts NAL's resources and diminishes its ability to serve as a national source for agricultural and agriculturally related materials. Therefore, NAL is viewed as a library of last resort. Submit requests first to local or state library sources prior to sending to NAL. In the United States, possible sources are public libraries, land-grant university or other large research libraries within a state. In other countries submit requests through major university, national, or provincial institutions.

If the needed publications are not available from these sources, submit requests to NAL with a statement indicating their non-availability. Submit one request per page following the instructions for libraries below.

NAL's Document Delivery Service Information for the Library

The following information is provided to assist your librarian in obtaining the required materials.

Loan Service — Materials in NAL's collection are loaned only to other U.S. libraries. Requests for loans are made through local public, academic, or special libraries.

The following materials are not available for loan: serials (except USDA serials); rare, reference, and reserve books; microforms; and proceedings of conferences or symposia. Photocopy or microform of non-circulating publications may be purchased as described below.

Document Delivery Service — Photocopies of articles are available for a fee. Make requests through local public, academic, or special libraries. The library will submit a separate interlibrary loan form for each article or item requested. If the citation is from an NAL database (CAIN/AGRICOLA, *Bibliography of Agriculture*, or the NAL Catalog) and the call number is given, put that call number in the proper block on the request form. Willingness to pay charges must be indicated on the form. Include compliance with copyright law or a statement that the article is for "research purposes only" on the interlibrary loan form or letter. Requests cannot be processed without these statements.

Charges:

- Photocopy, hard copy of microfilm and microfiche — \$5.00 for the first 10 pages or fraction copied from a single article or publication. \$3.00 for each additional 10 pages or fraction.
- Duplication of NAL-owned microfilm — \$10.00 per reel.
- Duplication of NAL-owned microfiche — \$ 5.00 for the first fiche and \$.50 for each additional fiche per title.

Billing — Charges include postage and handling, and are subject to change. Invoices are issued quarterly by the National Technical Information Service (NTIS), 5285 Port Royal Road, Springfield, VA 22161. Establishing a deposit account with NTIS is encouraged. **DO NOT SEND PREPAYMENT.**

Send Requests to:

USDA, National Agricultural Library
Document Delivery Services Branch, 6th Fl.
10301 Baltimore Blvd., NAL Bldg.
Beltsville, Maryland 20705-2351

Contact the Head, Document Delivery Services Branch in writing or by calling (301) 504-5755 with questions or comments about this policy.

ELECTRONIC MAIL ACCESS FOR INTERLIBRARY LOAN (ILL) REQUESTS

The National Agricultural Library (NAL), Document Delivery Services Branch accepts ILL requests from libraries via several electronic services. All requests must comply with established routing and referral policies and procedures. The transmitting library will pay all fees incurred during the creation of requests and communication with NAL. A sample format for ILL requests is printed below along with a list of the required data/format elements.

ELECTRONIC MAIL - (Sample form below)

The effects of feeding whole-grain barley to free-ranging and penned reindeer.
Blanchard, J.M.; AGBOB; Hauer, W.E.; Luick, J.R.

Fairbanks : The Station.
Agroborealis - Alaska Agricultural Experiment Station, Fairbanks v. 15.: p. 57-60; Jan 1983. Includes 11 references.

Language: English

Descriptors: Alaska; Public policies; Policy implications; Eskimos; Land use management; Land leases; Land policies

Abstract: Extract: The results of our studies show that Alaska-grown barley can serve as a useful supplemental feed for Alaskan reindeer, especially during winter months when grazing conditions are marginal. Results also indicate that all-barley diets may be useful during summer and fall for fattening reindeer prior to slaughter. Increased use of barley grown in the state would seem beneficial to both the reindeer and cereal-grain industries in Alaska, especially if the costs of transportation can be reduced.

23 NAL Call No: aSD11.A42

Abstract: Extract: Public continues to be the major force which determines the direction taken by Alaska's reindeer industry. It is, therefore, important to relate herd management to those major public-policy decisions which affect the industry. Policy implementation sometimes results in conflicts for the various entities involved, and identification of those situations which result in conflict should aid understanding of this complex resource activity in Alaska.

83 **NAL Call No: HC79.E5N3**
The uses of the practicably irrigable acreage standard in the quantification of reserved water rights.

Franks, M.C.

Albuquerque, N.M. : University of New Mexico School of Law.

Natural resources journal v. 31 (3): p. 549-585; 1991. Includes references.

Language: English

Descriptors: U.S.A.; Wyoming; American Indians; Federal government; Water use; Water allocation; Legal rights; Water policy; Courts; Decision making; History; Feasibility; Standards; Quantity controls

84 **NAL Call No: HC79.E5N3**
Water marketing in Big Sky country: an interim assessment.

Thorson, J.E.

Albuquerque, N.M. : University of New Mexico School of Law.

Natural resources journal v. 29 (2): p. 479-488; 1989. Includes references.

Language: English

Descriptors: Montana; Water allocation; Water law; Marketing policy; Regional planning; Local planning; Domestic markets; American Indians; Property transfers; Sales

85 **NAL Call No: E99.E7H974 1992**
Wildlife management and subsistence hunting in Alaska.

Huntington, Henry P.

London : Belhaven Press ; Seattle : University of Washington Press ; Cambridge [England] : Scott Polar Research Institute, University of Cambridge,.

xvii, 177 p. ; ill., maps ; 24 cm. (Polar research series). Includes bibliographical references (p. 156-170) and index.

Language: English

Descriptors: Eskimos; Wildlife management; Subsistence economy; Game-laws; Conservation of natural resources
