BRIEF DESCRIPTION: Stop the Revolving Door: Colorado's Roadmap for Successful Offender Reentry and Employment, focuses on delivering individualized, comprehensive, successful offender reentry strategies that remove offender barriers, expand existing collaborations, forge new partnerships and continue to offer opportunities for choice-based supportive services to offenders. These strategies promote innovative ways to provide wrap-around reentry services leading to employment. Stop the Revolving Door project plans to help reduce recidivism and increase employment by increasing the options for offender reentry services, providing mentoring, counseling, housing, and education, training and employment opportunities in high growth/high wage industries. We are committed to strengthening relationships, partnerships and collaborations by expanding our networks to include all organizations that choose to provide offender services and make a difference.
