ALASKA ENFORCEMENT DIVISION

Quarterly Report
April 1, 2002 - June 30, 2002

Contents

Significant Actions	3
Number of Cases Opened by Investigation Type	5
Complaint Action	6
Agent/Officer Hours by Program	7
Agent Officer Hours by Activity	8
Cases Opened	9
Catch Seizures	17
Cases Forwarded to General Counsel for Further Action	18
Other Case Actions	19

SIGNIFICANT ACTIONS

A. Quarterly Milestone Activity

No milestone activity this quarter.

B. Major Cases

Presorting of Prohibited Species

The owner/operator of the F/V REBECCA IRENE was issued a \$360,000 NOVA and a Notice of Permit Sanction (sanctioning six different federal permits for 90 days). The owner/operator had directed the crew of the vessel to interfere with observer sampling procedures of the observer by removing halibut from the deck prior to the observer's sampling. A chute had been constructed in a remote area, without the observer's knowledge, where the crew stored the halibut bycatch before discarding. These acts reduced the REBECCA IRENE'S individual bycatch rate and extended the fishing seasons subject to closure due to prohibited species catch quotas. Special Agent SOPER provided NOAA GC evidence that the REBECCA IRENE extended the rock sole fishery more than 30 days, and estimated the monetary gain at in excess of \$650,700.

Observer Cases - Harassment

Peter Pan Seafoods, in Sand Point, Alaska, received a penalty of \$40,000 for not taking appropriate steps to prevent sexual harassment of an NMFS certified observer. \$25,000 of that penalty was suspended and discharged at the end of three years provided that Peter Pan has not violated the regulation prohibiting harassment of federal fisheries observers. Peter Pan's officers and plant manager were very cooperative in the investigation and expressed a strong interest in ensuring that the plant employees do not engage in harassing behavior. As part of the settlement agreement, Peter Pan agreed to increase training of its plant employees and to arrange for production of a training video addressing sexual harassment in the fish processing plant environment. When completed, the video will be made available to other interested persons and companies.

ESA/MMPA

Beluga protection efforts began this quarter with aerial, vehicle and vessel patrols. Outreach efforts were again initiated. For the quarter we had 18 hours of vehicle patrol, 22 vessel patrol hours and 13 flights totaling 25 hours. We made 22 COPPS contacts and responded to three hotline beluga calls. The hotline calls all related to possible strandings. No known or suspected illegal takes have been detected. Two authorized takes are scheduled to start after July 15. We have been in contact with both hunting parties.

C. COPPS

Special Agents and Enforcement Officers held workshops for Vessel Monitoring Systems (VMS) in ten (10) locations throughout Alaska. Attendees included fishermen, vessel owners, VMS vendors, and other interested parties. The workshops were designed to inform the public about the regulatory requirements for VMS, how to obtain a unit, and to allow the public to provide input and suggestions to Enforcement.

In a separate effort, we supported Regional workshops aimed at getting acceptance and compliance with new seabird avoidance regulations.

D. VMS

Beginning June 10, 2002, VMS was required on vessels permitted for directed fishing for Pacific cod, pollock, and Atka mackerel while those fisheries are opened to directed fishing. It has been estimated that between 500 and 600 vessels will carry these units. At the quarter's end more than 150 vessels were being monitored.

E. OTHER ITEMS OF INTEREST

Infrastructure

Recruitment efforts were conducted for six special agents and the COPPS officer position for Juneau. All but one SA were filled at quarter's end.

JEA

In May, we held our first JEA meeting with Col. Hard of the Alaska State Troopers and his managers to discuss JEA efforts.

NUMBER OF CASES OPENED BY INVESTIGATION TYPE
