Director

SUBJECT: State Strategy Technical Assistance Fact Sheet

Under the State and Local Domestic Preparedness Technical Assistance Program, the Office for State and Local Domestic Preparedness Support (OSLDPS) has implemented a State Strategy Technical Assistance component to assist states in meeting the needs assessment and comprehensive planning requirements under the OSLDPS' Fiscal Year 1999 State Domestic Preparedness Equipment Support Program.

State Strategy Technical Assistance provides three distinct training sessions to better prepare state and local jurisdictions in developing and implementing a three-year state strategy. These are: *Understanding and Implementing the Assessment Process, How to Conduct Assessments at the Jurisdictional Level, and Developing a State Strategy.*

Attached is a copy of the State Strategy Technical Assistance Fact Sheet, which describes the program goals, technical assistance sessions, and how to request technical assistance.

All questions regarding technical assistance can be directed to Gabrielle Meszaros-Parada, Technical Assistance Coordinator, OSLDPS, at telephone: (202) 307-6061, Fax (202) 616-2922 or email: [Meszaros@ojp.usdoj.gov](mailto:Meszaros@ojp.usdoj.gov)
