Changes in the Requirements for Amendment and Correction of Trademark Registrations

AGENCY: Patent and Trademark Office, Commerce.

ACTION: Proposed rule.

SUMMARY: The United States Patent and Trademark Office ("Office") proposes to amend its rules to eliminate the requirement that a request for amendment or correction of a registration be accompanied by the original certificate of registration or a certified copy thereof, and the requirement that an application to surrender a registration for cancellation

be accompanied by the original certificate or a certified copy; and add a requirement that a request for correction of a mistake in a registration be filed within one year of the date of registration.

DATES: To be ensured of consideration, written comments must be received on or before February 2, 2004. No public hearing will be held.

ADDRESSES: The Office prefers that all comments be sent by electronic mail to *TMSection7Comments@uspto.gov*. Written comments may also be submitted by mail or hand delivery to: Commissioner for Trademarks, 2900 Crystal Drive, Arlington, VA 22202-3514, attention Mary Hannon. Copies of all comments will be available for public inspection in Suite 10B10, South Tower Building, 10th floor, 2900 Crystal Drive, Arlington, Virginia 22202-3514, from 8:30 a.m. until 5 p.m., Monday through Friday.

FOR FURTHER INFORMATION CONTACT:

Mary Hannon, Office of the Commissioner for Trademarks, by telephone at (703) 308-8910, ext. 137; or by e-mail to *mary.hannon@uspto.gov*.

SUPPLEMENTARY INFORMATION: The Office proposes to amend its rules to (1) eliminate the requirement that a request for amendment or correction of a registration be accompanied by the original certificate of registration or a certified copy thereof, and the requirement that an application to surrender a registration for cancellation be accompanied by the original certificate or a certified copy; and (2) add a requirement that a request for correction of a mistake in a registration be filed within one year of the date of registration.

References below to "the Act," "the Trademark Act," or "the statute" refer to the Trademark Act of 1946, 15 U.S.C. 1051 *et seq.*, as amended.

One Year Time Limit for Requests for Correction of Registrations

Currently, there is no time limit set forth in §§ 2.174 and 2.175 for filing a request for correction of a mistake in a registration under section 7(g) or 7(h) of the Trademark Act. Some registrants have filed requests to correct an error in a mark years after the date of registration. Granting these requests is harmful to examining attorneys and third parties who search Office records, because they do not have accurate information about existing registrations. Therefore, the Office proposes to amend §§ 2.174 and 2.175 to require that all requests for correction of a registration be filed within one year after the date of registration, even where a mistake in

a registration resulted from an Office error.

Applicants and registrants are advised to carefully review notices of publication, notices of allowance, and certificates of registration to ensure that the data is correct, so that any necessary requests for correction can be filed within one year of the date of registration.

Requirement For Submission of Original Certificate of Registration or Certified Copy

Currently, § 2.172 requires that an application for surrender of a registration for cancellation under section 7 of the Trademark Act be accompanied by the original certificate, if not lost or destroyed. If the original certificate is submitted, the Office will destroy the certificate once the registration is cancelled. If the original certificate does not accompany the request, the Office assumes that the certificate is lost or destroyed, and processes the request for cancellation.

Sections 2.173, 2.174, and 2.175(b) currently require that a request for amendment or correction of a registration under section 7 of the Trademark Act be accompanied by the original certificate of registration or a certified copy thereof. The Office amends or corrects the registration by attaching an updated registration certificate, showing the amendment or correction, to the original certificate of registration and to the printed copies of the registration in the Office. See 37 CFR 2.173(c), 2.174 and 2.175(c). The Office returns the original registration certificate, or certified copy thereof, with the updated registration certificate attached, to the owner of record. TMEP §§ 1609.01 and 1609.09.

The Office believes that requiring the registrant to submit the original certificate or a certified copy is unnecessary and inefficient. The Office proposes to eliminate this requirement. When amending or correcting a registration, the Office will send the updated registration certificate showing the amendment or correction to the registrant, and instruct the registrant to attach it to the certificate of registration. The Office will also update its own records to show the amendment or correction. The Office will send an updated registration certificate to the owner of record.

Discussion of Specific Rules

The Office proposes to amend §§ 2.172, 2.173, 2.174, 2.175, and 2.176.

The Office proposes to amend § 2.172 to eliminate the requirement that an application to surrender a trademark

registration for cancellation be accompanied by the original certificate of registration.

The Office proposes to amend § 2.173 to eliminate the requirement that a request for amendment of a trademark registration be accompanied by the original certificate of registration or a certified copy thereof.

The Office proposes to amend § 2.174 to: (1) Eliminate the requirement that a request for correction of a mistake by the Office in a trademark registration pursuant to section 7(g) of the Trademark Act be accompanied by the original certificate of registration or a certified copy thereof; and (2) add a requirement that a request for correction of a mistake by the Office be filed within one year of the date of registration.

The Office proposes to amend § 2.175 to: (1) Eliminate the requirement that a request for correction of a mistake by a registrant in a trademark registration pursuant to section 7(g) of the Trademark Act be accompanied by the original certificate of registration or a certified copy thereof; and (2) add a requirement that a request for correction of a mistake by a registrant be filed within one year of the date of registration.

The Office proposes to amend § 2.176 to change "Examiner of Trademarks" to "Post Registration Examiner."

Executive Order 12866

This rule making has been determined not to be significant for purposes of Executive Order 12866 (Sept. 30, 1993).

Paperwork Reduction Act

This rule contains no new information collection or recordkeeping requirements under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*). Existing collections of information and recordkeeping requirements have been reviewed and

List of Subjects in 37 CFR Part 2

Administrative practice and procedure, Trademarks.

For the reasons given in the preamble and under the authority contained in 35 U.S.C. 2 and 15 U.S.C. 1123, as amended, the Office proposes to amend part 2 of title 37 as follows:

PART 2—RULES OF PRACTICE IN TRADEMARK CASES

1. The authority citation for 37 CFR part 2 continues to read as follows:

Authority: 15 U.S.C. 1123, 35 U.S.C. 2, unless otherwise noted.

2. Revise § 2.172 to read as follows:

§ 2.172 Surrender for cancellation.

Upon application by the registrant, the Director may permit any registration to be surrendered for cancellation. Application for surrender must be signed by the registrant. When there is more than one class in a registration, one or more entire class(es) but less than the total number of classes may be surrendered. Deletion of less than all of the goods or services in a single class constitutes amendment of registration as to that class (see § 2.173).

3. Amend § 2.173 by revising paragraph (a) to read as follows:

§ 2.173 Amendment of registration.

(a) A registrant may apply to amend a registration or to disclaim part of the mark in the registration. The registrant must submit a written request specifying the amendment or disclaimer. This request must be signed by the registrant and verified or supported by a declaration under § 2.20, and accompanied by the required fee. If the amendment involves a change in the mark, the registrant must submit a new specimen showing the mark as used on or in connection with the goods or services, and a new drawing of the amended mark. The registration as amended must still contain registrable matter, and the mark as amended must be registrable as a whole. An amendment or disclaimer must not materially alter the character of the mark.

4. Revise § 2.174 to read as follows:

§ 2.174 Correction of Office mistake.

(a) Whenever a material mistake in a registration, incurred through the fault of the United States Patent and Trademark Office, is clearly disclosed by the records of the Office, a certificate of correction stating the fact and nature of the mistake, signed by the Director or by an employee designated by the Director, shall be issued without charge and recorded. A printed copy of the certificate of correction shall be attached to each printed copy of the registration certificate. Thereafter, the corrected certificate shall have the same effect as if it had been originally issued in the corrected form. In the discretion of the Director the Office may issue a new certificate of registration without charge.

(b) A request for correction of an Office error in a registration must be filed within one year after the date of registration.

5. Amend § 2.175 by revising paragraphs (a) and (b) to read as follows:

§ 2.175 Correction of mistake by registrant.

(a) Whenever a mistake has been made in a registration and a showing has been made that the mistake occurred in good faith through the fault of the registrant, the Director may issue a certificate of correction. In the discretion of the Director, the Office may issue a new certificate upon payment of the required fee, provided that the correction does not involve such changes in the registration as to require republication of the mark.

(b) Application for such action must:

- (1) Be filed within one year after the date of registration;
- (2) Include the following:
 - (i) Specification of the mistake for which correction is sought;
 - (ii) Description of the manner in which it arose; and
 - (iii) A showing that it occurred in good faith;
- (3) Be signed by the registrant and verified or include a declaration in accordance with § 2.20; and
- (4) Be accompanied by the required fee.

6. Amend § 2.176 to read as follows:

§ 2.176 Consideration of above matters.

The matters in §§ 2.171 to 2.175 will be considered in the first instance by the Post Registration Examiner. If the action of the Examiner is adverse, registrant may request the Director to review the action under § 2.146. If the registrant does not respond to an adverse action of the Examiner within six months of the

mailing date, the matter will be considered abandoned.
