

# INS DETENTION STANDARD

## DETAINEE HANDBOOK

---

### I. POLICY

Every OIC will develop a site-specific detainee handbook to serve as an overview of, and guide to, the detention policies, rules, and procedures in effect at the facility. The handbook will also describe the services, programs, and opportunities available through various sources, including the facility, INS, private organizations, etc. Every detainee will receive a copy of this handbook upon admission to the facility.

Detainees are expected to behave in accordance with the rules set down in the handbook, and will be held accountable for violations. Therefore, the facility staff will advise every detainee to become familiar with the material in the handbook.

### II. APPLICABILITY

The standards provided in this Detention Standard shall apply to the following facilities housing INS detainees:

1. Service Processing Centers (SPCs);
2. Contract Detention Facilities (CDFs); and
3. State or local government facilities used by INS through Intergovernmental Service Agreements (IGSAs) to hold detainees for more than 72 hours; referred to as "IGSA facilities."

Within the document additional implementing procedures are identified for SPCs and CDFs. Those procedures appear in italics. IGSA facilities may find such procedures useful as guidelines. IGSAs may adopt, adapt or establish alternatives to, the procedures specified for SPCs/CDFs, provided they meet or exceed the objective represented by each standard.

See the separate "Definitions" Standard for the meaning of certain terms used in this document.

### III. STANDARDS AND PROCEDURES

- A. Every facility will develop a detainee handbook (see example, attached). SPCs/CDFs will use the attached handbook as a template or model. At a minimum, it will provide IGSA facilities with useful guidance.

While every detention handbook will conform to the format used in the attached example, every OIC will customize the contents as shown.

- B. The overview will briefly describe individual programs and services and associated rules. Among others, these include recreation, visitation, education, voluntary work, telephone use, correspondence, library use, and the canteen/commissary. The overview will also cover medical policy (sick-cell); facility-issued items, e.g., clothing, bedding, etc.; access to personal property; and meal service.
- C. The handbook will specify in greater detail the rules, regulations, policies, and procedures with which every detainee must comply, including, but not limited to: smoking policy, restricted areas, contraband, and so forth.
- D. The handbook will list detainee rights and responsibilities. It will also list and classify prohibited actions/behavior, along with disciplinary procedures and sanctions. This section will include grievance and appeals procedures.
- E. The handbook will be written in English and translated into Spanish and, if appropriate, into the next most-prevalent language(s) among the facility's detainees.

The OIC will provide translation assistance to detainees exhibiting literacy or language problems and those who request it. This may involve translators from the private sector or from the detainee population.

- F. The facility's orientation video may embellish or supplement the information provided in the handbook., at the OIC's discretion. However, the comprehensiveness of the video has no bearing on the development, production, or distribution of the detainee handbook.
- G. The OIC will provide a copy of the handbook to every staff member who has contact with detainees. These staff members will also receive training focused on its contents.
- H. The handbook will not be immediately reprinted to incorporate every revision. The OIC will instead establish procedures for immediately communicating such revisions to staff and detainees: posting copies of the changes on bulletin boards in housing units and other prominent areas; informing new arrivals during orientation process; distributing a memorandum to staff, and so forth.

The handbook will be revised on this piecemeal basis only to effect site-specific changes or changes directed by Headquarters.

- I. An appointed committee will conduct annual reviews of the handbook, after the annual reviews and revisions by facility department heads and the OIC.
