

## Scavenger Hunt for Quality Health Information:

Remember: There are different ways to find good answers.

- I have to do a school project on Chlamydia. Where would I find good information?  
Go to [MedlinePlus.gov](http://MedlinePlus.gov)  
Click on Health Topics  
Click on Chlamydia to find good information
- My friend told me about this vaccine that she got to prevent HPV. I think that I might get it, too. Where would I find information on the HPV Vaccine?  
Go to [Medlineplus.gov](http://Medlineplus.gov)  
Click on Drugs and “H”  
Scroll to HPV Vaccination to find good information
- I am really worried about my friend, Sara. She cuts herself. Why does she do that and how can I help her stop?  
Go to [Teenhealth.org](http://Teenhealth.org)  
Click on Mind  
Click on Cutting for the article and more information on how to help your friend
- I need to find pictures of the male reproduction organs. Where can I find this?  
  
Go to [Teenhealth.org](http://Teenhealth.org)  
Click on Sexual Health  
Scroll to Guys and Click on male reproductive system  
This will bring you to an article. Scroll half way to find a picture.  
OR  
Go to [teenwire.com](http://teenwire.com)  
Click on Body  
There you will see Body Diagrams for female and male  
Choose Male
- For the past several months, I have been trying to get the courage to tell my parents that I am gay. Do you have any advice?  
Go to [Teenwire.com](http://Teenwire.com)  
Click on Lesbian/Gay/Bisexual/Transgender  
Under articles see “Coming Out to your parents”  
The video Lipstick is also good
- Help! My friend, Molly just found out that she is pregnant. What can she do?  
Go to [Teenwire.com](http://Teenwire.com)  
Click on Pregnancy, Parenting, and Adoption  
All kinds of information is here  
The article “I’m pregnant...Now what?” is a good start.
