NOAA Fisheries Service, Restricted Access Management (RAM) has issued initial rockfish quota share (QS) awards for primary rockfish species to License Limitation Program (LLP) licenses. The following table displays amounts of Quota Share issued as of this date for catcher vessel (CV) and catcher processor (CP) sectors, by fishery:

Primary Rockfish Species Fishery	Sector Code	Sum of Units Issued for Sector	Total Units Issued for Fishery	Percent of Fishery Units Issued for Fishery/Sector
Northern Rockfish	CP	3,500,387	9,058,587	38.64%
Northern Rockfish	CV	5,558,200	9,058,587	61.36%
Pacific Ocean perch	CP	9,064,467	17,990,209	50.39%
Pacific Ocean perch	CV	8,925,742	17,990,209	49.61%
Pelagic Shelf Rockfish	CP	4,178,791	7,639,106	54.70%
Pelagic Shelf Rockfish	CV	3,460,315	7,639,106	45.30%

The total amount of quota share issued, and the amount issued for a sector may change due to delayed initial issuance of QS from reviewed claims and adjudicated appeals.
