2009 Authorization ..... \$2,917,000,000

Allocation Method ..... Formula Grant

General Statement

The Child Care and Development Fund includes the Child Care Entitlement to States program and the discretionary Child Care and Development Block Grant (see separate section). The Personal Responsibility and Work Opportunity Reconciliation Act (PRWORA) of 1996 (P.L. 104-193) combined several child care entitlement programs with different target populations (AFDC Child Care, Transitional Child Care and At-Risk Child Care) with the Child Care and Development Block Grant (CCDBG) Act of 1990. The entitlement portion consists of mandatory and matching funds made available under section 418 of the Social Security Act. The discretionary and mandatory child care funding allows states maximum flexibility in developing child care programs and enables states to use resources more effectively to meet local needs. The Deficit Reduction Act of 2005 reauthorized the Child Care Entitlement to States program through 2010 and added \$200 million annually over the previous program level of \$2.717 billion.

The FY 2009 President’s Budget request for this account represents current law requirements. No proposed law amounts are included.

**Program Description and Accomplishments** – The Child Care Entitlement to States program provides grants to states and federally recognized tribes for the purposes of providing low-income working families with financial assistance for child care and improving the quality and availability of early childhood programs and before-and-after school programs.

In conjunction with the Child Care and Development Block Grant, these funds will:

- Allow each state maximum flexibility in developing child care programs and policies that best suit the needs of children and parents within each state;

- Promote parental choice to empower working parents to make their own decisions on the child care that best suits their family's needs;
- Encourage states to provide consumer education information to help parents make informed choices about child care;
- Assist states in providing child care to parents trying to achieve and maintain independence from temporary cash assistance and help assist other low-income working parents to maintain quality child care services for their children; and
- Assist states in implementing the health, safety, licensing, and registration standards established in state regulations.

Mandatory Child Care – Mandatory funds are allocated to grantees based on historic levels of Title IV-A child care expenditures.

Matching Child Care – Matching funds are those remaining after Mandatory funds and the two percent of the appropriation set aside for tribes and tribal organizations are allocated. Matching funds are available to states if three conditions are met by the end of the fiscal year in which Matching funds are awarded: (1) all Mandatory funds are obligated; (2) the state's maintenance-of-effort funds are expended; and (3) the state provides its share of matching funds at the Federal Medical Assistance rate. Unobligated funds not spent by states will be available for reappropriation in the next fiscal year.

Training and Technical Assistance – In accordance with program regulations, the Secretary may withhold no more than one quarter of one percent of the Child Care Entitlement program made available for a fiscal year for the provision of training and technical assistance to states.

See PART and performance discussion under the Child Care and Development Block Grant.

**Budget Request** – The FY 2009 request for the Child Care Entitlement to States program is \$2,917,000,000, the same as the FY 2008 enacted level. This request will provide funding to assist states in meeting the critical child care needs of families. The funds will continue ACF's commitment to providing resources that allow families to become and remain self-sufficient and productive members of society. These funds also allow families to access quality child care, which promotes child development, literacy, and school readiness.
