COMMISSION ACTION ON FOIA REQUEST

On September 24 the Commission denied an appeal from the determination of the staff to deny a request made on behalf of BRC Corporation, pursuant to the Freedom of Information Act, for access to certain Commission investigatory records.

The Commission observed that it had been informed by the staff that the investigation in question was continuing and that there was a concrete prospect that enforcement action would be instituted on the basis of the investigation. In these circumstances, the Commission decided that disclosure of the records sought is not required because such disclosure would "interfere with enforcement proceedings" and might tend to deprive the subjects of the investigation "of a right to a fair trial or an impartial adjudication." In addition, certain of the materials contained in the investigatory file are exempt from disclosure as inter- or intra-agency memoranda. (Rel. FOIA-29)

COMMISSION ORDERS HEARING ON 12(h) APPLICATION

IPS Computer Marketing Corp. (the Applicant) has made application for exemption under Section 12(h) of the Securities Exchange Act of 1934 (the Act) from the provisions of Section 15(d) of the Act.

According to information filed with the Commission, the Applicant, which was organized pursuant to the laws of Delaware for the purpose of purchasing, selling and leasing used computers, sold 125,000 shares of common stock in a registered public offering in June, 19.72. On September 1, 1974, the first day of the Applicant's fiscal year, Applicant had 301 holders of record. As of August 29, 1975 the Applicant had 293 holders of record.

The Applicant contends that the requested exemption should be granted because (1) ten stockholders owning 72.7 percent of the shares outstanding whose shareholdings relate back to the period prior to the public offering, or who are directors and officers of the Applicant, should be disregarded in the computation of the number of record holders for purposes of Section 15(d) and (2) the costs of the preparation and filing of the reports required by Section 15(d) presents a financial burden for the Applicants.

The Commission has ordered that a hearing to determine whether the application should be granted or denied be held on October 28, 1975 at 10:00 a.m. at the offices of the Securities and Exchange Commission, Room 776, 500 North Capitol Street, Washington, D.C. Any person desiring to be heard is directed to file with the Secretary of the Commission his request as provided in Rule 9(c) of the Commission's Rules of Practice, setting forth any issues of fact or law which he desires to controvert and/or setting forth any additional issues which he feels should be considered. (Rel. 34-11684)

Fuer Magnesit Export (Export), from violating the antifraud, Williams Act, reporting and proxy provisions of the securities laws and rules thereunder, with respect to the securities of General Refractories Company (GRX) or any other issuer; and preliminarily enjoining H. Additionally, the Court preliminarily enjoined H. Mayer, Dan Mayer,

Refrax, Sanbil, Magnesit Holding and Export from acquiring any additional GRX shares, from disposing of or encumbering GRX shares owned and/or controlled by them and from voting such shares. Continental was further ordered to file, under cover of Form 8-K, a letter giving a detailed and accurate statement, inter alia, of the reasons for the delay in the filing of the currently delinquent reports and the steps taken and to be taken to assure timely filing in proper form of future annual and other periodic and current reports. The order permanently enjoins Continental from failing timely to file in proper form current and periodic reports in contravention of Section 13(a) of the Securities Exchange Act of 1934 and the rules thereunder.

On May 28, 1975 the Commission suspended trading in the American Stock Exchange listed company's securities for a ten-day period based on Continental's failure to file certain required reports. (SEC v. Continental Connector Corporation, D.C., Civil Action No. 75-0891). (LR-7100)
