In its filing with the Commission, the Exchange included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The self-regulatory organization has prepared summaries, set forth in Sections A, B and C below, of the most significant aspects of such statements.

A. <u>Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis</u> for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to revise ISE Rule 502 to enable the listing and trading of options on managed fund shares ("Managed Fund Shares") that are listed and traded on a national securities exchange and are considered to be an "NMS Stock" (as defined in Rule 600 of Regulation NMS under the Securities and Exchange Act of 1934 (the "Act")).

Managed Fund Shares represent an interest in a registered investment company ("Investment Company") organized as an open-end management investment company or similar entity. Unlike traditional exchange traded funds Managed Fund Shares are actively managed. Managed Fund Shares, although, based upon a publicly disclosed portfolio of securities, each trade as a single exchange-listed equity security.

Accordingly, the rules pertaining to the listing and trading of standardized equity options will apply to Managed Fund Shares.

Listing Criteria

The Exchange will consider listing and trading options on Managed Fund Shares provided the Managed Fund Shares meet (1) the criteria for underlying securities set forth in ISE

Rule 502(a) and (b)⁵, or the Managed Fund Shares are available for creation and redemption each business day as set forth in ISE Rule 502(h)(A)(ii).

The Exchange proposes that Managed Fund Shares deemed appropriate for options trading represent an interest in an open-end management investment company or similar entity, as described below:

• Managed Fund Shares are securities that represents an interest in a registered investment company ("Investment Company") organized as an open-end management investment company or similar entity, that invests in a portfolio of securities selected by the Investment Company's investment adviser consistent with the Investment Company's investment objectives and policies, which is issued in a specified aggregate minimum number in return for a deposit of a specified portfolio of securities and/or a cash amount with a value equal to the next determined net asset value ("NAV"), and when aggregated in the same specified minimum number, may be redeemed at a holder's request, which holder will be paid a specified portfolio of securities and/or cash with a value equal to the next determined NAV.

Continued Listing Requirements

Options on Managed Fund Shares will be subject to all Exchange rules governing the trading of equity options and furthermore, the rules pertaining to position and exercise limits⁶ or

See ISE Rule 502(a) and (b), which collectively require minimum requirements for the underlying security that include, but are not limited to: (1) the security be registered and be an "NMS stock" as defined in Rule 600 of Regulation NMS under the Exchange Act; (2) the security be characterized by a substantial number of outstanding shares that are widely held and actively traded; (3) 7,000,000 underlying shares, (4) 2,000 shareholders; and (4) trading volume of 2,400,000 shares in the preceding 12 months.

Pursuant to ISE Rule 412(a)(1) and 412(d), Managed Fund Shares are subject to the same position limits applicable to options on stocks and Exchange-Traded Fund Shares. ISE Rule 414 stipulates that exercise limits for options on stocks and other securities, including Managed Fund Shares shall be the same as the position limits applicable under ISE Rule 412.

margin⁷ shall apply. The current continuing or maintenance listing standards for options traded on ISE will continue to apply.

The Exchange will utilize its existing surveillance procedures applicable to options on exchange traded funds (which will include Managed Fund Shares) to monitor trading. In addition, the Exchange will implement any new surveillance procedures it deems necessary to effectively monitor the trading of options on Managed Fund Shares, including adequate comprehensive surveillance sharing agreements ("CSSA") with markets trading in non-U.S. components, as applicable. Also, the Exchange may obtain trading information via the Intermarket Surveillance Group ("ISG") from other exchanges who are members or affiliates of the ISG. ISE represents that these procedures will be adequate to properly monitor Exchange trading of options on these the securities and to deter and detect violations of Exchange rules.

2. <u>Statutory Basis</u>

The basis under the Act for this proposed rule change is the requirement under Section 6(b)(5) that an exchange have rules that are designed to promote just and equitable principles of trade, and to remove impediments to and perfect the mechanism for a free and open market and a national market system, and in general, to protect investors and the public interest. The Exchange believes that proposed rules applicable to trading pursuant to generic listing and trading criteria, together with the Exchange's surveillance procedures applicable to trading in the
