and the Magnet Wire Section.**

SUMMARY OF MEETING:

Mr. King discussed electrical wire system safety and reviewed Federal activities associated with the interagency working group dealing with the aging and deterioration of electrical wiring systems that could result in safety problems. Mr. King referred to the report "Review of Federal Programs for Wire System

Safety", November 2000, released by National Science and Technology Council and prepared by the interagency working group. Mr. King represents CPSC on this group.
