The purpose is to ensure and maximize the quality, objectivity, utility, and integrity of information, including statistical information, disseminated by Federal agencies that are subject to the Paperwork Reduction Act, 44 U.S.C. 3502(1).

As is the intent of OMB's Guidelines, DNFSB's Guidelines will focus primarily on the dissemination of substantive information rather than information pertaining to basic agency operations. The Guidelines also apply to information other parties provide to the Board, if the other parties seek to have the Board rely upon or disseminate this information or if the Board decides to rely upon or disseminate the information.

These Guidelines are suggestions, recommendations, and policy views of the DNFSB. They are not intended to be, and should not be construed as, legally binding regulations or mandates. They do not create any right or benefit, substantive or procedural, enforceable at law or equity, by any party against the United States, its agencies (including the Board or DNFSB), officers, or employees, or any person.

Changes to the final Guidelines in this notice have been made in response to OMB's comments on the Board's draft

Guidelines issued September 17, 2002. No public comments were received by the Board.

This will generally be the case if the Board has not authored the filings, is not distributing the information in a manner that suggests that the Board endorses or adopts the information, and does not indicate in its distribution that it is using or proposing the use of the information to formulate or support a regulation, guidance, or other Board decision or position;
