

U.S. Department of Justice Drug Enforcement Administration Office of Diversion Control Registration and Program Support Section ARCOS Unit

Washington, D.C. 20537

October 18, 2001

Dear Registrant:

The Drug Enforcement Administration, Office of Diversion Control, is pleased to announce that the 32-bit ARCOS PC Field Edit Application, *Version 3.0*, is now available for distribution. The 32-bit ARCOS PC Field Edit Application is free of charge, and operates like the current 16-bit ARCOS PC Field Edit Application (Version 1.4). This upgraded version of the PC Field Edit Application offers increased performance and options for future enhancements that are not possible with the current version of this program.

The new 32-bit application requires a personal computer with the Windows 95/98 operating system, CD-ROM accessibility, and one 3.5" disk drive. There are no other requirements for using the 32-bit application.

To reserve your copy of the 32-bit application, contact the Office of Diversion, ARCOS Unit at (202) 307-8600, or fax the completed interest form (located at the bottom of this page) to (202) 307-8612. You may mail the interest form to:

Drug Enforcement Administration ARCOS Unit P.O. Box 27273 Washington, D.C. 20038-7273

If you require additional information, concerning the 32-bit ARCOS PC Field Edit Application, contact the ARCOS Unit.
