Summary of Meeting

The meeting was chaired by Mr. Aaron Combs of Bob's Kart Shop. The objective of the meeting was to finalize the draft "Provisional Standard Safety Performance Specifications for Fun Karts" and prepare it for letter balloting through ASTM. Ron Ramon of T&D Metals presented the Performance Standard Task Group's draft version of the performance standard for fun karts. The document was amended as necessary and the group voted to send it forward through the ASTM balloting process for comment. The Subcommittee then listened to Gary Hibbert of T&D Metals present the Labeling Task Groups progress in reviewing owner's manuals and safety warnings for pertinent information to develop manual and warning label specifications.

The next meeting of the Subcommittee is scheduled for February 20, 1998 at the trade show in Indianapolis, IN. Additional meetings of the Subcommittee are scheduled for July 24 at the OPEI EXPO in Louisville KY and then again in late October/early November in Baltimore MD. The agenda will include review of the comments received on the Performance Standard for fun karts.
