

Avenue, NW., Washington, DC 20230, at (202) 482-2243 or (202) 482-0961, respectively.

Background

The Department of Commerce (the Department) received a request on May 30, 2002, from Powin Corporation, an importer of the subject merchandise, for an administrative review of the antidumping duty order on certain iron construction castings from the People's Republic of China (PRC) produced by Mucun Foundry of Fangzi District (Mucun Foundry). On June 25, 2002, the Department published a notice of initiation of this administrative review for the period of May 1, 2001, through April 30, 2002 (67 FR 42753).

Extension of Time Limits for Preliminary Results

Pursuant to section 751(a)(3)(A) of the Act, the Department shall issue preliminary results in an administrative review of an antidumping duty order within 245 days after the last day of the anniversary month of the date of publication of the order. The Act further provides, however, that the Department may extend that 245-day period to 365 days if it determines it is not practicable to complete the review within the foregoing time period.

In light of the complexity of analyzing the factors of production data, including indirect labor and electricity expenses incurred, and the sales data of the associated exporter, it is not practicable to complete this review by the current deadline of January 30, 2003.

Therefore, in accordance with section 751(a)(3)(A) of the Act, the Department is extending the time limit for the preliminary results by 120 days, until no later than May 30, 2003. The final results continue to be due 120 days after the publication of the preliminary results.

This notice is issued and published in accordance to sections 751(a)(1) and 777(I)(1) of the Act.

Dated: December 3, 2002.

Joseph A. Spetrini,

Deputy Assistant Secretary for Import Administration, Group III.

Certain Stainless Steel Butt-Weld Pipe Fittings from Taiwan: Extension of Final Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of extension of time limit for final results of antidumping duty administrative review.

SUMMARY: The Department of Commerce ("the Department") is extending the time limit for the final results of the review of stainless steel butt-weld pipe fittings from Taiwan. This review covers the period June 1, 2000 through May 31, 2001.

EFFECTIVE DATE: December 10, 2002.

FOR FURTHER INFORMATION CONTACT: James Doyle, Enforcement Group III—Office 9, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone (202) 482-0159.

Applicable Statute

Unless otherwise indicated, all citations to the Tariff Act of 1930, as amended ("the Act"), are to the provisions effective January 1, 1995, the effective date of the amendments made to the Act by the Uruguay Round Agreements Act ("URAA"). In addition, unless otherwise indicated, all citations to the Department's regulations are to 19 CFR part 351 (2001).

Background

On July 23, 2001, the Department published a notice of initiation of this antidumping duty administrative review for the period of June 1, 2000 through May 31, 2001 (66 FR 38252). We published the preliminary results of review on July 9, 2002 (67 FR 45467). On November 7, 2002, (67 FR 67823) we extended the time limit for this review 30 days.

Extension of Time Limit for Final Results

Section 751(a)(3)(A) of the Act states that if it is not practicable to complete the review within the time specified, the administering authority may extend the 120-day period, following the date of publication of the preliminary results, to issue its final results by an additional 60 days. Completion of the final results

within the 120-day period is not practicable for the following reasons:

- This review involves certain complex Constructed Export Price ("CEP") adjustments including but not limited to CEP Profit and CEP Offset which were raised by respondent and petitioners after the verification and after the preliminary results of review.
- The review involves a large number of transactions and complex adjustments other than those mentioned above.

Therefore, in accordance with section 751(a)(3)(A) of the Act, the Department is extending the time period for issuing the final results of review by 11 days until December 17, 2002.

Dated: December 4, 2002.

Joseph A. Spetrini,

Deputy Assistant Secretary for Import Administration, Group III.

Stainless Steel Sheet and Strip in Coils from Italy: Extension of Time Limit of Final Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of extension of time limit of the final results of antidumping duty administrative review.

SUMMARY: The Department of Commerce ("the Department") is extending the time limits of the final results of the antidumping duty administrative review of stainless steel sheet and strip in coils ("SSSS") from Italy. This review covers the period July 1, 2000 through June 30, 2001.

EFFECTIVE DATE: December 10, 2002.

FOR FURTHER INFORMATION CONTACT: Stephen Bailey, AD/CVD Enforcement Group III, Office 9, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-1102.

SUPPLEMENTARY INFORMATION:

Applicable Statute and Regulations

Unless otherwise indicated, all citations to the Tariff Act of 1930, as amended ("Act"), are references to the provisions effective January 1, 1995, the effective date of the amendments made

to the Act by the Uruguay Round Agreements Act. In addition, unless otherwise indicated, all citations to the Department's regulations are to the regulations codified at 19 C.F.R. Part 351 (2001).

Background

On July 2, 2001, the Department published in the **Federal Register** a notice of opportunity to request an administrative review of the antidumping duty order on SSSS from Italy. See *Antidumping or Countervailing Duty Order, Finding, or Suspended Investigation; Opportunity to Request Administrative Review*, 66 FR 34910 (July 2, 2001). On July 31, 2001, domestic industry parties from the original investigation ("petitioners"), ThyssenKrupp Acciai Speciali Terni S.p.A. ("TKAST")¹, a producer and exporter of subject merchandise, and ThyssenKrupp AST USA, Inc. ("TKAST USA"), requested that the Department conduct an administrative review of the antidumping duty order. On August 20, 2001, the Department initiated an administrative review of the antidumping duty order on SSSS from Italy with regard to TKAST. See *Initiation of Antidumping and Countervailing Duty Administrative Reviews and Requests for Revocation in Part*, 66 FR 43570 (August 20, 2001). On March 5, 2002, the Department extended the time limit for the preliminary results of this administrative review by 90 days. See *Notice of Extension of Time Limit of the Preliminary Results of Antidumping Duty Administrative Review: Stainless Steel Sheet and Strip in Coils from Italy*, 67 FR 9960 (March 5, 2002). On May 13, 2002, we again extended the preliminary results of administrative review, this time by 25 days. See *Notice of Extension of Time Limit of the Preliminary Results of Antidumping Duty Administrative Review: Stainless Steel Sheet and Strip in Coils from Italy*, 67 FR 32015 (May 13, 2002). On July 26, 2002, the Department extended the time limit for the preliminary results in this administrative review another five days. See *Notice of Extension of Time Limit of the Preliminary Results of Antidumping Duty Administrative Review: Stainless Steel Sheet and Strip in Coils from Italy*, 67 FR 50421 (August 2, 2002).

¹ On January 18, 2002 Acciai Speciali Terni S.p.A.'s shareholders voted to change the company's name to ThyssenKrupp Acciai Speciali Terni S.p.A. On February 27, 2002, Acciai Speciali Terni USA, Inc. became ThyssenKrupp AST USA, Inc. Throughout most of the responses, the companies refer to themselves as TKAST and TKAST USA, respectively.

On August 7, 2002 we issued our preliminary results of administrative review. See *Preliminary Results of Antidumping Duty Administrative Review: Stainless Steel Sheet and Strip in Coils from Italy*, 67 FR 51224 (August 7, 2002). The final results of administrative review are currently due December 5, 2002.

Extension of Time Limit of Final Results

Section 751(a)(3)(A) of the Act states that if it is not practicable to complete the review within the time specified, the administering authority may extend the 120-day period, following the date of publication of the preliminary results, to issue its final results by 60 days. Completion of the final results of this review within the 120-day period is not practicable for the following reasons:

- The review involves a large number of transactions and complex adjustments.
- The review includes complex sales and cost issues which require the Department to analyze a significant amount of information pertaining to sales practices, manufacturing costs and corporate relationships.

Therefore, in accordance with section 751(a)(3)(A) of the Act, we are extending the time period for issuing the final results of review by 40 days until January 14, 2003.

Dated: December 3, 2002.

Joseph A. Spetrini,

Deputy Assistant Secretary for Import Administration, Group III.

Department of Agriculture—Albany, CA; Notice of Decision on Application for Duty-Free Entry of Scientific Instrument

This decision is made pursuant to section 6(c) of the Educational, Scientific, and Cultural Materials Importation Act of 1966 (Pub. L. 89-651, 80 Stat. 897; 15 CFR part 301). Related records can be viewed between 8:30 a.m. and 5 p.m. in Suite 4100W, U.S. Department of Commerce, Franklin Court Building, 1099 14th Street, NW., Washington, DC.

Docket Number: 02-039.

Applicant: U.S. Department of Agriculture, Albany, CA 94710.

Instrument: Automated Robotic Colony Picking and Replicating System, Model QPiXII.

Manufacturer: Genetix Limited, United Kingdom.

Intended Use: See notice at 67 FR 58355, September 16, 2002.

Comments: None received.

Decision: Approved. No instrument of equivalent scientific value to the foreign instrument, for such purposes as it is intended to be used, is being manufactured in the United States.

Reasons: The foreign instrument provides a high performance robotic system for automated microbial colony picking and replicating on the basis of various features with additional capabilities of halo recognition and rearranging selected clones from one microplate to another. The National Institutes of Health advised in its memorandum of September 11, 2002, that (1) this capability is pertinent to the applicant's intended purpose and (2) it knows of no domestic instrument or apparatus of equivalent scientific value to the foreign instrument for the applicant's intended use.

We know of no other instrument or apparatus of equivalent scientific value to the foreign instrument which is being manufactured in the United States.

Gerald A. Zerdy,

Program Manager, Statutory Import Programs Staff.
