Part C-1 (continued)

3. TAX LIABILITY NOTICE (Carefully read before completing Item 4.)

Upon the transfer of savings bonds to a trust, you must include in your gross income any accumulated interest on the bonds, if you have not already reported it, unless, under the grantor trust provisions of the Internal Revenue Code, you are treated as the owner of the portion of the trust represented by any tax-deferred accumulated interest on the transferred bonds. If you are treated as the owner of that portion, the accumulated interest continues to be your income rather than that of the trust, and therefore, you may continue to defer reporting the interest earned each year. You must include the total accumulated interest in your gross income when the bonds are disposed of or finally mature, whichever is earlier. These rules apply when bonds being transferred are Series I bonds, Series EE bonds, or Series E bonds, if you are the owner of the portion of the trust represented by the tax-deferred accumulated interest.

Generally, you will be treated as the owner of a trust that you have created to the extent that you retain certain powers over or interests in the trust. For example, you will be treated as the owner of the portion of the trust represented by any tax-deferred accumulated interest on the transferred bonds under the following circumstances:

- (1) You will be treated as the owner of a trust to the extent that you have an unconditional power to revest in yourself title to the trust assets. Thus, if you can, at your discretion, revoke all or part of the trust so that the bonds will be returned to you, you will be treated as the owner of the portion of the trust represented by any accumulated interest on the bonds.
- (2) If the trust instrument provides that the transferred bonds or the proceeds from the redemption or disposition of those bonds must be distributed to you or your spouse, or held or accumulated for future distribution to you or your spouse, you will be treated as the owner of the portion of the trust represented by any accumulated interest on the bonds. You will be treated as the owner in this circumstance irrespective of the terms of the trust.
- (3) You will be treated as the owner of a trust to the extent that you retain a power to control the beneficial enjoyment of property transferred to a trust. Thus, if you retain, under the terms of the trust instrument, an immediately exercisable power to determine, in your sole discretion, who will receive the bonds or the proceeds from the redemption or disposition of the bonds, then you will be treated as the owner of the portion of the trust represented by any accumulated interest.

The examples outlined above are illustrative only and they are not intended to cover all possible situations in which you could be treated as the owner of a trust or a portion of a trust. Furthermore, events can occur, such as the renunciation of a retained power or interest, which would cause you to cease being treated as the owner of a trust. If you are not sure whether you will be treated as the owner of a trust, you may request a letter ruling from the Internal Revenue Service. A request for a letter ruling should be sent to: **Internal Revenue Service, ATTN: CC: DOM: CORP: T, PO Box 7604, Ben Franklin Station, Washington, DC 20044.**

If you have any questions concerning the information to be submitted in connection with a letter ruling request, you may call (202) 622-7560.

4. TAX LIABILITY STATEMENT (*This section must be completed.*)

You must check box a or b. (See "TAX LIABILITY NOTICE" above.)

"Interest" includes interest earned on EE/E or I bonds from the issue date until the date of transfer.

This statement will also apply to all future transactions requested by the same owner(s) or person(s) entitled to the same trust.

You must mark box a or b to indicate if you are the owner of the portion of the trust represented.

For Federal income tax purposes:

- a. I certify that I will be treated as owner of the portion of the trust represented by the tax-deferred accumulated interest on the bonds being transferred. *If this box is marked, the interest will be tax-deferred (interest will not be reported to the Internal Revenue Service as a result of the transfer).*
- b. I certify that I will not be treated as owner of the portion of the trust represented by the tax-deferred accumulated interest on the bonds being transferred. *If this box is marked, interest will be reported to the Internal Revenue Service for the taxable year in which the bonds were transferred to the trust. A 1099-INT will be generated for the Social Security Number specified.*

Transfer and Sale Authorization

Please carefully read this section before signing the form, as it describes the nature of the transaction authorized.

You are transferring the identified securities to FRB Chicago for the sole purpose of having the securities sold. You are authorizing the identified securities, once transferred, to be sold by FRB Chicago. A transaction fee will be charged (see **FEES** for further information). Because FRB Chicago enters into an agreement to sell the securities on the same day that it receives the securities, the authorization for the sale and transfer of the securities becomes irrevocable when the transfer from your TreasuryDirect account to the account of FRB Chicago is made. FRB Chicago will make a reasonable effort to obtain a price quote from at least three (3) government securities dealers and will sell the securities to the dealer with the highest quote for next day settlement. You agree to accept the price received by FRB Chicago from the dealer selected as having the highest price quote. On the next full business day after the trade date, the settlement amount will be released electronically by FRB Chicago to the account at the financial institution currently designated to receive your TreasuryDirect payments. The Treasury Department and FRB Chicago will not be liable for changes in market conditions affecting the price received for the securities or for any loss, which you may incur as a result of the transaction or the inability of FRB Chicago to complete the transaction.

In the event FRB Chicago is unable to obtain at least one quote for the securities, the securities will be returned to your TreasuryDirect account on the next full business day following the receipt of the securities by FRB Chicago, and FRB Chicago will notify you. No transaction fee will be charged.

Fees – A transaction fee for the service will be charged for **each** security sold on your behalf. (A security is considered as any amount within a TreasuryDirect account, which is identified by a separate confirmation number.) FRB Chicago

will deduct the fee prior to depositing the settlement amount (also referred to as “net amount”) to the account at the financial institution currently designated to receive your TreasuryDirect payments. The amount of the fee is published by notice in the Federal Register.

Settlement Amount – The settlement amount (also referred to as “net amount”) minus the transaction fee will be credited by direct deposit (electronic funds transfer) to the account at the financial institution currently designated to receive your TreasuryDirect payments.

2. Payee Information – Furnish the name and taxpayer identification number of the payee. Furnish the Social Security Number if the payee is an Individual. If payment is being requested to an estate and the IRS has assigned an Employer Identification Number, provide that number.

3. Direct Deposit Instructions – Furnish information on the bank account where the payment is to be direct deposited. All payments must be made by direct deposit to a designated bank account.

All persons requesting redemption must sign in Part F of the form. If payment is to be deposited to a bank account in the name of a different person, then that person or his/her representative, who can authorize such a deposit, must also sign in Part F.
