Accordingly, the EEOC has issued regulations set forth in Title 29, Chapter XIV, Subpart B, § 1602.7. Employers in the private sector with 100 or more employees and some federal contractors with 50 or more employees have been required to submit EEO-1 reports annually since 1966. The individual reports are confidential.

EEO-1 data are used by EEOC to investigate charges of employment discrimination against employers in private industry and to provide information and the employment status of minorities and women. The data are shared with the Office of Federal Contract Compliance Programs (OFCCP), U.S. Department of Labor, and several other federal agencies. Pursuant to Section 709(d) of title VII of the Civil Rights Act of 1964, as amended, EEO-1 data are also shared with 86 State and Local Fair Employment Practices Agencies (FEPAs).

Burden Statement: The estimated number of respondents included in the annual EEO-1 reports survey is 45,000 private employers. The estimated number of responses per respondent is between 3 and 4 EEO-1 reports. The annual number of responses is approximately 170,000 and the total annual burden is 402,700 hours. In order to help reduce survey burden, respondents are encouraged to report data on such electronic media as interactive diskettes or magnetic tapes.
