

parties to explain this process, and will endeavor to provide additional information on its website.

At the same time, PCX will notify industry parties in all pending California cases that they must waive the California Standards if the investor agrees to a waiver (or associated person, in the circumstances described above). Industry parties in such cases will be required to execute waiver agreements. However, their failure to do so will not stop the cases from moving forward.⁹ An industry party's failure to sign the waiver as required by the proposed rule change will be referred for disciplinary action.

If all parties waive the California Standards as permitted by the proposed Rule change, PCX will immediately commence the arbitrator appointment process using the PCX Rules regarding arbitrator disclosures, and not the California Standards.

PCX requests that this Rule change become effective immediately, for a six-month pilot period. If the outcome of NASD's and NYSE's lawsuit is that the California Standards do not apply to SROs, the waivers will no longer be necessary. Cases that had already been empanelled pursuant to a waiver would continue to conclusion with the existing panel. If the lawsuit has not concluded by the expiration of the initial six-month period, PCX may request an extension.

2. Statutory Basis

PCX believes that this proposal is consistent with section 6(b)¹⁰ of the Act, in general, and furthers the objectives of section 6(b)(5),¹¹ in particular, in that it is designed to facilitate transactions in securities; to prevent fraudulent and manipulative acts and practices; to promote just and equitable principles of trade; to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities; to remove impediments to and perfect the mechanism of a free and open market and a national market system; and in general, to protect investors and the public interest. PCX believes that expediting the appointment of arbitrators under the proposed waiver, at the request of customers and associated persons with

claims of statutory employment discrimination, will allow those parties to exercise their contractual rights to proceed in arbitration in California, notwithstanding the confusion and uncertainty caused by the California Standards.

B. Self-Regulatory Organization's Statement on Burden on Competition

PCX does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

Written comments on the proposed rule change were neither solicited nor received.

III. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposal is consistent with the Act. Persons making written submissions should file six copies thereof with the Secretary, Securities and Exchange Commission, 450 Fifth Street, NW., Washington, DC 20549-0609. Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for inspection and copying in the Commission's Public Reference Room. Copies of such filing will also be available for inspection and copying at the principal office of the PCX. All submissions should refer to File No. SR-PCX-2002-71 and should be submitted by December 20, 2002.

IV. Commission's Findings and Order Granting Accelerated Approval of the Proposed Rule Change

After careful review, the Commission finds that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder applicable to a national securities exchange, and, in particular, the requirements of section 6 of the Act.¹² Specifically, the Commission finds that the proposal is consistent

with section 6(b)(5) of the Act, which requires that the rules of a national securities exchange be designed to promote just and equitable principles of trade, as well as to remove impediments to and perfect the mechanism of a free and open market, and, in general, to protect investors and the public interest.¹³ The Commission further finds good cause for approving the proposed rule change prior to the 30th day after the date of publication of notice thereof in the **Federal Register**. Accelerated approval is necessary to protect investors in that the rules are designed to help address the backlog of cases created by the confusion over the new California Standards, are designed to provide them with a mechanism to help resolve their disputes with broker-dealers in a more expedited manner, and are designed to help ensure the certainty and finality of arbitration awards. Additionally, the proposed rule change will become effective as a pilot program for six months, from November 21, 2002 to May 22, 2003, during which time the Commission and the Exchange will monitor the status of the previously discussed litigation.

V. Conclusion

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,¹⁴ that the proposed rule change (SR-PCX-2002-71) is hereby approved on an accelerated basis through May 22, 2003.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.¹⁵

Deputy Secretary.

The Phlx proposes to amend its schedule of dues, fees and charges to change its current equity value transaction charge from a transaction value-based method to a share-based method. II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to change the Phlx's calculation of transaction charges from a value-based system to a share-based system in order to simplify the Phlx's transaction fee schedule. The Exchange believes a share-based system is easier for a member organization or a member to calculate current, and predict future, costs associated with these transactions. In addition, other exchanges use a share-based system.⁶

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with section 6(b) of the Act⁷ in general, and furthers the objectives of section 6(b)(4)⁸ in particular, in that it provides for the equitable allocation of reasonable

The Exchange does not believe that the proposed rule change will impose any inappropriate burden on competition.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The proposed rule change has become effective pursuant to section 19(b)(3)(A)(ii) of the Act⁹ and subparagraph (f)(2) of Rule 19b-4 thereunder,¹⁰ because it involves a due, fee, or other charge. At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposal is consistent with the Act. Persons making written submissions should file six copies thereof with the Secretary, Securities and Exchange Commission, 450 Fifth Street, NW., Washington, DC 20549-0609. History

In 2002, the Procurement Executive Council's Socio-Economic Committee established the Subcontract Reporting Subcommittee to explore government-wide electronic subcontract reporting as part of the E-Government initiative. The Subcommittee is chaired by the Deputy Director of the Department of Navy's Office of Small and Disadvantaged Business Utilization and includes stakeholders from the Small Business Administration, Department of Defense, Department of Energy (DOE), Department of Health and Human Services, Department of State, and General Services Administration.

The DOE demonstrated its internet-based electronic subcontract reporting system to the Subcommittee.
