**SUPPLEMENTARY INFORMATION:**

**Background**

For the past eight years and since the first meeting of the Standing Committee on Copyright and Related Rights in November 1998, WIPO has been addressing the topic of updating the protection of the rights of broadcasting organizations. Although broadcasters' rights are protected under some existing international agreements, such as under the 1961 Convention for the Protection of Performers, Producers of Phonograms and Broadcasting Organizations (however, the United States is not a party to that treaty) and the World Trade Organization's Agreement on Trade-Related Aspects of Intellectual Property Rights, there has been increasing concern that changes in technology and the opening up of much of the world to commercial broadcasting, have made the protection provided in those

agreements ineffective to protect broadcast signals against piracy.

At the September 2006 WIPO General Assembly, the decision was taken to convene two special sessions of the SCCR to clarify the outstanding issues, the first one in January 2007, and the second one in June 2007. The special sessions of the SCCR should aim to agree and finalize, on a signal-based approach, the objectives, specific scope and object of protection with a view toward submitting to the Diplomatic Conference a revised basic proposal, which will amend the agreed relevant parts of the Revised Draft Basic Proposal (Document SCCR/15/2). The Diplomatic Conference will be convened in November 2007 if such agreement is achieved.

WIPO posts various documents from its meetings, such as reports, Member State submissions, meeting agendas, and texts prepared by the Chair of the SCCR. On March 9, 2007, in accordance with the decisions of the First Special Session of the SCCR which took place from January 17 to 19, 2007, WIPO requested comments from Member States on a Draft Non-paper on the WIPO Treaty on the Protection of Broadcasting Organizations, prepared by the Chair of the First Special Session, with the assistance of the WIPO Secretariat (Document SCCR/S1/WWW/75352 can be found at [http://www.wipo.int/edocs/mdocs/sccr/en/sccr\\_s1/sccr\\_s1\\_www\\_75352.doc](http://www.wipo.int/edocs/mdocs/sccr/en/sccr_s1/sccr_s1_www_75352.doc)). Member State submissions commenting on the Draft Non-paper on the WIPO Treaty on the Protection of Broadcasting Organizations, including comments of the United States Government, are available at [http://www.wipo.int/copyright/en/sccr\\_s1/](http://www.wipo.int/copyright/en/sccr_s1/). A revised Non-paper, taking into account Member State comments on the Draft Non-paper, is expected to be made available to Member States on May 1, 2007.

Throughout this process in WIPO, many points of view have been represented, including those of developed and developing countries, and many non-governmental organizations (NGOs), and numerous industry, creator and content owner groups. The U.S. Copyright Office and USPTO have participated in several informal meetings with interested parties such as broadcasters, netcasters, telecom companies, Internet service providers, content industries, creators and other NGOs, in order to obtain views and information relevant to the deliberations in the SCCR on this proposed treaty.

In order to allow further opportunity for interested parties to comment, the U.S. Copyright Office and USPTO are

convening this roundtable — the third held on this issue — to provide another forum for such parties to provide their views on and additional information related to the proposed treaty. In particular, the participants should be prepared to identify and discuss more fully any issues and concerns associated with the revised Non-paper to be released by WIPO on May 1, 2007.

Dated: April 9, 2007.

## SECURITIES AND EXCHANGE COMMISSION

### Proposed Collection; Comment Request

*Upon Written Request, Copies Available From:* Securities and Exchange Commission, Office of Filings and Information Services, Washington, DC 20549.

#### *Extension:*

Form 1, Rules 6a-1 and 6a-2; SEC File No. 270-0017; OMB Control No. 3235-0017.

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq*) the Securities and Exchange Commission (“Commission”) is soliciting comments on the collection of information summarized below. The Commission plans to submit this existing collection of information to the Office of Management and Budget for extension and approval.

The Securities Exchange Act of 1934 (15 U.S.C. 78a *et seq*) (“Act”) sets forth a regulatory scheme for national securities exchanges. Rule 6a-1 (17 CFR 240.6a-1) under the Act generally requires an applicant for initial registration as a national securities exchange to file an application with the Commission on Form 1. An exchange that seeks an exemption from registration based on limited trading volume also must apply for such exemption on Form 1. Rule 6a-2 (17 CFR 240.6a-2) under the Act requires registered and exempt exchanges: (1) To amend the Form 1 if there are any material changes to the information provided in the initial Form 1; and (2) to submit periodic updates of certain information provided in the initial Form 1, whether such information has changed or not. The information required pursuant to Rules 6a-1 and 6a-2 is necessary to enable the Commission to maintain accurate files regarding the

exchange and to exercise its statutory oversight functions. Without the information submitted pursuant to Rule 6a-1 on Form 1, the Commission would not be able to determine whether the respondent met the criteria for registration or exemption set forth in Sections 6 and 19 of the Act. Without the amendments and periodic updates of information submitted pursuant to Rule 6a-2, the Commission would have substantial difficulty determining whether a national securities exchange or exempt exchange was continuing to operate in compliance with the Act.

The respondents to the collection of information are entities that seek registration as a national securities exchange or that seek exemption from registration based on limited trading volume. After the initial filing of Form 1, both registered and exempt exchanges are subject to ongoing informational requirements.

Initial filings on Form 1 by new exchanges are made on a one-time basis. The Commission estimates that it will receive approximately three initial Form 1 filings per year and that each respondent would incur an average burden of 47 hours to file an initial Form 1 at an average cost per response of approximately \$4517. Therefore, the Commission estimates that the annual burden for all respondents to file the initial Form 1 would be 141 hours (one response/respondent × three respondents × 47 hours/response) and \$13,551 (one response/respondent × three respondents × \$4517/response).

There currently are ten entities registered as national securities exchanges and two exempt exchanges. The Commission estimates that each registered or exempt exchange files one amendment or periodic update to Form 1 per year, incurring an average burden of 25 hours to comply with Rule 6a-2. The Commission estimates that the annual burden for all respondents to file amendments and periodic updates to the Form 1 pursuant to Rule 6a-2 is 300 hours (12 respondents × 25 hours/response × one response/respondent per year) and \$27,960 (12 respondents × \$2330/response × one response/respondent per year).

Written comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency’s estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the
