USIBWC Seeks Public Comment on Rio Grande Environmental Study

[12/22/03](#)

USIBWC Releases Final Environmental Impact Statement on Lower Rio Grande Flood Control Project

[12/19/03](#)

The USIBWC invite the public to comment on this [Draft Environmental Impact Statement](#) (DEIS) on River Management Alternatives for the Rio Grande Canalization Project. This DEIS was filed with the United States Environmental Protection Agency, and is submitted here for your review and comment. A Final EIS will be prepared considering the comments received and will be sent to those who commented on the DEIS or who request a copy. See [letter from Acting Commissioner Little](#) for instructions on submitting written comments.

[12/17/03](#)

The USIBWC has released the [Final Environmental Impact Statement](#) to present and analyze the impacts of current and proposed USIBWC vegetation maintenance activities within the United States portion of the Lower Rio Grande Flood Control Project.
