The USIBWC is proud to make available to the public our [latest Annual Report](#) which covers the activities and accomplishments of the USIBWC for the year 2002. The report is in .pdf format and you must have Adobe Acrobat Reader to view the document. Get your free copy of the reader by clicking [here](#).

[3/30/04](#)

This is a [Sources Sought Notice](#) only. This is not a request for proposal, but a survey to locate potential sources. The USIBWC is performing a market survey to determine if there is an adequate number of interested and qualified firms having the capability and bonding capacity for the following effort: Compliance with and implementation of [Public Law 106-457 106th Congress An Act and Minute 311](#) of the IBWC. The project consists of a design, construction, operate and transfer project for a 59 MGD (million gallons per day) secondary wastewater treatment plant with supporting facilities. Construction of the wastewater treatment plant will take place in Tijuana, Mexico.
