

Proposed Changes to PR2301 Working Draft

**Stakeholder Working Group Meeting
February 25, 2009**

Definitions (Revised)

(c) Definitions

The following definitions have been modified and added:

- **Emission Reduction Measures**
- **Lead Agency**

Compliance Plan (Revised)

(d) Compliance Plan

- **Removal of twenty (20) calendar days prior to posting or mailing of Notice of Availability (CEQA)**
- **Compliance Plan will be required to be submitted prior to final discretionary approval**

Requirements (Revised)

(e) Requirements

Construction Emissions Reductions

Construction Equipment:

- Re-evaluation underway due to recent CARB rule delay

Operational Emissions Reductions Measures

Area Source and Transportation Measures:

- One overall project emissions reductions target
- Emission reduction measures
 - Measures that exceed adopted rules
 - Design features

White Paper Overview

Purpose

- **Introduction of PR2301 design concepts to the Governing Board and Interested Public**
- **Describe the context of EGM-01 and PR2301 relative to the 2007 AQMP**
- **Summarize the general purpose, background, and rationale for developing PR2301**

Background

- **Overview Control Measure EGM-01 development**
 - Stakeholder process
 - SJUVAPCD Rule 9510 approach
 - Key Issues

Legal Authority

- **Discuss AQMD's authority to Implement PR2301**
- **Define the "All feasible measures" requirement of the H&SC**
- **Summarize ISR rules adopted/proposed by other air districts**

Rule Development Process

- **Discuss the PR2301 Stakeholder Group**
 - **Membership and meeting process**
 - **Workshop on inventory development**

Current Staff Proposal

- Summarize current proposed rule concepts and rationale (e.g., consistency with CEQA process, compatibility with climate change programs and enforceability)

Key Comments from Working Group

- **AQMD rule vs. CEQA process**
 - **Industry proposal/rule**
- **Rule Stringency**
 - **Fee Option**
- **Others**

Next Steps

- **Working Group Meetings to resolve issues raised**
- **Public Meetings/Workshops to solicit additional comments**
- **Governing Board Pre-Hearing Report**
- **Adoption Hearing**

Appendices

- **Air Districts' Indirect Source Program Summary**
- **Baseline Inventory Development and Rationale Document**
- **PR2301 Rule Language (Working Group Discussion)**
 - **List of Transportation Emission Reduction Measures**
