Note to Federal Trade Commission

Office of Secretary - Rm. 159

6th St. Pennsylvania Ave. N.W.

Washington, D.C. 20580

Please choose to demand goods sold in the U.S.A. should be labeled as to their country of origin including pre-manufactured parts.

To permit the "Made in U.S.A." label to be on goods produced in other countries is dishonest and a slap in the face to our people who have provided jobs to our U.S. citizens who have not gone seeking slave laborers to enhance their profits.
