 I am a member  
 of the Sheet Metal  
 Workers Union.

Dear ~~Mr.~~ Mr. Clark:

I am writing to express my support for maintaining the meaning of the "Made In USA" label. The proposed change to the regulations governing will render the label meaningless. It's hard enough these days finding consumer items with the "Made in the USA" label. But if the proposed changes are accepted... well, why bother!

Sincerely,  
 David Burd
