Dear Secretary Clark,

Please leave the Made in USA Label as it is. I depend on being able to believe what it says.

We buy Americans made and do not want to support other countries! We want to support America + American workers. When you allow things to be made in other countries, shipped here, and then the "Made in USA Label added, you are allowing big business to lie to us, the public, and are saying - hee - that's okay - go ahead and be dishonest. You have the American Government's Blessing.

that is very wrong of you -  
The buck stops with you. I, as a  
owner

Woman, wife, mother, career person and American ask you to do your job. Don't allow big business to take advantage of either consumers or the American workers. We have a right to proper wages + jobs. We lose both if you allow this to happen.

Thank You  
Rachel M Everett

P.S. My husband has asked me to add his name to this letter as he feels the same as I do.
