

United States Department of Agriculture
Animal and Plant Health Inspection Service

DON'T SPREAD CITRUS CANKER

Photo credit: USDA photo by Randall Smith

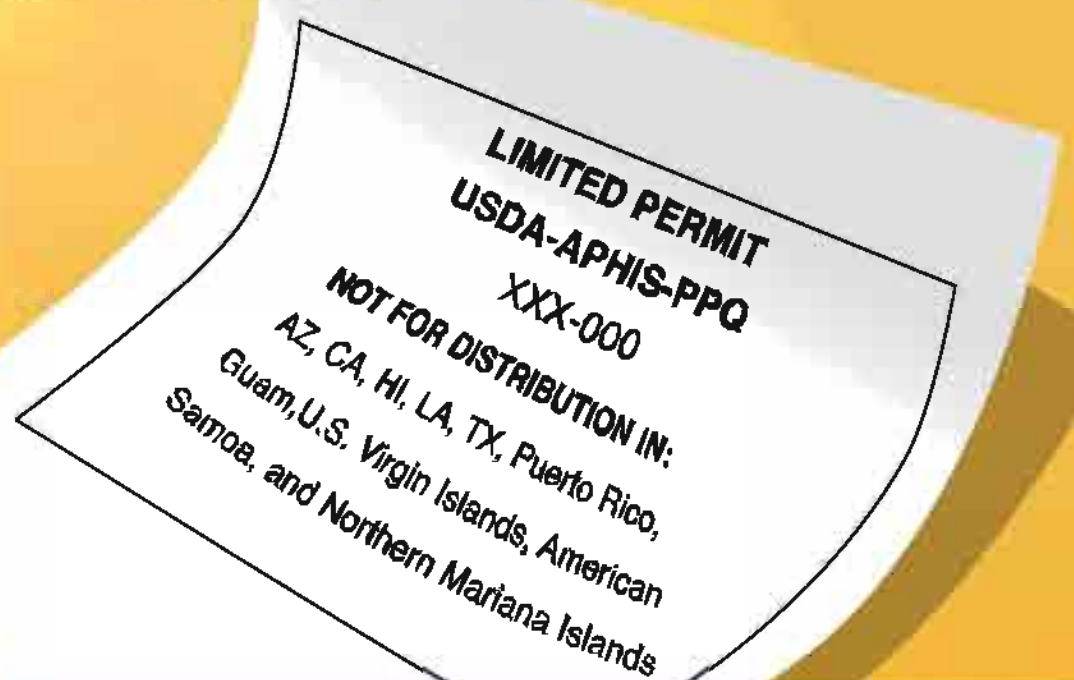

It is illegal to move or mail citrus to addresses outside the State of Florida without proper documentation.

Only citrus processed in a commercial packinghouse approved by the Department of Agriculture (USDA), found free of citrus canker by USDA and accompanied by a limited permit (see sample wording below) can be shipped outside of Florida.

For further information, please call 1-800-282-5153 toll free or visit these Web sites:
