A Federal law provides that a "trademark cannot be registered which consists of or comprises among other things "The flag, coat of arms or other insignia of the United States or any simulation thereof"

A label should mean what it says - Made in U. S. A. means exactly that 100% American Made - Now the F.T.C could label Foreign Traitors and Compromises. If 80% is comprised of Foreign Influence but you'd better remove the insignia from your doors, and the flag from your offices, (and your paychecks.) You bureaucrats have decimated American jobs on the Cutting Table of Galt & Natta. Your coats of arm are W.T.O. and your flag the U. N. You circumvent the Constitution by your actions and have abrogated your Fiduciary trust and Oath of Office's to the United States of America and her citizens. Biggest Threat Writer for Sam Danvers
