Federal Trade Commission
Washington DC 20510

Gentlemen -

I read where you are wanting
to label products which have
foreign components as being "Made
In America." This is false labeling.
Any items labeled "Made In USA"
should be strictly made in USA
of USA materials.

Foreign goods are not as well
made and as far fit - they do
not. I cannot wear foreign
made clothes or shoes and some
other imported items are cheaply
made and do not last.

Yours truly,

Anna L Howe
