

Dear Secretary Clark

Will someone in Washington
please represent the American people.

We want — Made in the U.S.A.
to mean what it says — Made in
the U.S.A. Stop all ready, with your
double standard regulations and your
corporate B.S. Just try to be honest with
the people you represent — the American
people.

Look at the food we are getting
from Mexico — thanks to the FTC. We put
our trust in you & our kids are being
poisoned — pesticides — sewer water
— give us a break!

Give America back to the
Americans — give us true labeling —
give us back our country. We don't
want foreign countries dictating anything
to us.

W. Hitchcock
5 Holcomb St.
West Haven, Ct. 06516

Sincerely

W. Hitchcock
