Operation PETS is a not for profit corporation dedicated to reducing the suffering and euthanasia of companion animals by providing high quality, high volume and affordable spay/neuter services for feral cats, rescue organizations and for animals who live with people who are on a limited income.

Operation PETS provides the following benefits to the animals and residents of Erie County:

- Provide a better quality of life for cats and dogs in our community
- Provide a better quality of life for individuals who care for stray, homeless, or injured animals
- Increase the number of cats and dogs who are vaccinated against rabies
- Increase the number of cats and dogs who are spayed/neutered
- Provide community education about the importance of companion animal sterilization
- Reduce the number of complaint calls received by various agencies regarding the behavior of free roaming cats
- Obtain national recognition for a progressive, effective program to control local cat overpopulation
