## BLM Administered Lands in Klamath County Subject of Meeting

**Klamath Falls** – The long term strategy for managing Bureau of Land Management (BLM) administered lands in Klamath County will be the subject of an open house meeting hosted September 6, 2007 by the Klamath Falls Resource Area of the Lakeview District BLM.

Resource Area officials will present information on the Western Oregon Plan Revision draft Environmental Impact Statement from noon to 2:00 p.m. and from 6:00 p.m. to 8:00 p.m. at the Klamath Falls Resource Area Conference Room. The Klamath Falls Resource Area is located at 2795 Anderson Avenue, Bldg. 25, Klamath Falls, Oregon 97603.

For more information on this open house meeting contact the Klamath Falls Resource Area at (541) 883-6916.

The BLM manages more land – 258 million surface acres – than any other Federal agency. Most of this public land is located in 12 Western States, including Alaska. The Bureau, with a budget of about \$1.8 billion, also administers 700 million acres of sub-surface mineral estate throughout the nation. The BLM's multiple-use mission is to sustain the health and productivity of the public lands for the use and enjoyment of present and future generations. The Bureau accomplishes this by managing such activities as outdoor recreation, livestock grazing, mineral development, and energy production, and by conserving natural, historical, and cultural resources on the public lands.
