END OF DESCRIPTION

The above description containing approximately 18,595 acres utilizes the Carrizo Mountain and Painted Gorge 7.5 minute quadrangle maps prepared by the United States Geologic Service. The boundary calls listed herein are in part a result of scaling distances from said quad maps and are not a result of survey. All courses have been depicted upon the above mentioned quad maps and are made a part of this official record. Acreage is calculated from the California State Office ArcInfo wilderness coverage.
