

land. The remaining unreserved mineral interests have no known mineral value. Acceptance of the sale offer will constitute an application for conveyance of those unreserved mineral interests. The purchaser will be required to pay a \$50.00 non-refundable filing fee for conveyance of the available mineral interests. The purchaser will have 30 days from the date of receiving the sale offer to accept the offer and submit a deposit of 30 percent of the purchase price, the \$50.00 filing fee for the conveyance of mineral interests, and for payment of publication costs. The purchaser must remit the remainder of the purchase price within 180 days from the date the sale offer is received. Payments must be by certified check, postal money order, bank draft or cashier's check, payable to U.S. Department of the Interior—BLM. Failure to meet conditions established for this sale will void the sale and any monies received will be forfeited.

This parcel of land located in Amargosa Valley, Nevada, is being offered for sale through direct sale procedures. The adjacent land uses, unauthorized agricultural development, and general location of the subject parcels make these tracts of land difficult and uneconomic to manage as part of the public lands. As such, these lands meet the criteria found under 43 CFR 2710.0-3(a)(3). The proposed action is consistent with the objectives, goals, and decisions of the Las Vegas Resource Management Plan. An appraisal report has been prepared by a certified appraiser for the purposes of establishing fair market value (FMV). The appraisal report is available for review at the address shown above.

Publication of this Notice in the **Federal Register** segregates the subject lands from all appropriations under the public land laws, including the general mining laws, except sale under the Federal Land Policy and Management Act of 1976. The segregation will terminate upon issuance of the patent or on July 26, 2004, whichever occurs first.

For a period until December 12, 2003, interested parties may submit comments to the Tonopah Field Station Manager at the above address. Any adverse comments will be reviewed by the State Director, who may sustain, vacate, or modify this realty action and issue a final determination. In the absence of timely filed objections this realty action will become the final determination of the Department of the Interior. The land will not be offered for sale until December 29, 2003.

Dated: September 18, 2003.
