**SUPPLEMENTARY INFORMATION:**

**Background**

Timber sale contract Forms FS-2400-6 and FS-2400-6T are used by the Forest Service for the sale of all large, complex timber sales. Timber sale contract Form FS-2400-6 is used when timber is measured for payment after it is harvested, and timber sale contract Form FS-2400-6T is used when the basis for payment is measurement prior to sale. These contracts were originally brought into use in July 1970 and January 1972, respectively, and were the result of extended discussions between the Federal Timber Purchasers Committee and the Forest Service. After

2 years, these contracts were revised in September 1973 and October 1973, respectively, to incorporate modifications based upon experience gained and policy changes since their inception.

From 1973 until July 2001, the requirements of new legislation and Forest Service policy were implemented in the contracts by issuing special provisions that replaced or added to the standard contract provisions. In July 2001, new versions of timber sale contract Forms FS-2400-6 and FS-2400-6T were issued. The July 2001 versions incorporated the special provisions that had been brought into use since 1973, but did not make any other changes that affect the rights and obligations of the Forest Service and timber sale purchasers.

**Proposed Contract Revisions**

The Forest Service is proposing to revise timber sale contract Forms FS-2400-6 and FS-2400-6T to:

1. Clarify the remedies available when contracts are suspended, modified, or terminated for environmental reasons.
2. Incorporate special provisions that are applicable to all timber sales into the standard contract provisions.
3. Correct inconsistencies and clarify ambiguous language that has accumulated by the addition of 30 years of special provisions to the timber sale contracts.
4. Make organizational and editorial changes intended to eliminate duplicative and unnecessary provisions.
5. Decrease the need in the existing contracts to make certain standard provisions inapplicable by replacing those provisions with the appropriate former special provisions.
6. Provide for liquidated damages when the Forest Service unilaterally terminates or partially terminates a timber sale contract.
7. Provide for a rate redetermination after a specified time when the Forest Service orders the delay or interruption of operations for specific reasons.

A side-by-side comparison of the specific differences between the existing contracts and the proposed revised contracts is available electronically and in paper copy as provided in the **ADDRESSES** section of this notice. Comments received will be considered when the Forest Service prepares the final timber sale contracts. When the timber sale contracts are finalized, a subsequent notice will be published in the **Federal Register**.
