*Title:* The Community Development Financial Institutions Fund—Conflict of Interest Package for Non-Federal Readers.

*OMB Number:* 1559-0011.

*Abstract:* Through its programs the Fund supports financial institutions around the country that are specifically dedicated to financing and supporting community and economic development activities. This strategy builds strong institutions that make loans and investments and provide financial services in markets (including economically distressed investments areas and targeted populations) whose needs for loans, investments, and financial services have not been fully met by traditional financial institutions, particularly in the areas of promoting homeownership, developing of affordable housing, and stimulating small business development, as well as providing financial services to those that have not previously accessed financial institutions.

Consistent with the Federal Acquisition Regulations provisions on conflicts of interest, the Fund has applied, and will continue to apply, a conflict of interest policy with respect to its contract (non-Federal employee) readers that avoids a reader's participation in the evaluation or process of selection of applications where such participation creates a conflict of interest or an appearance of a conflict of interest. The conflict of interest review materials are used by the Fund to determine whether or not a contractor's financial interest, or that of the contractor's spouse, parent, dependent child, or member of household, may result in a conflict, or apparent conflict of interest with the individual's duties and responsibilities as a contractor evaluating applications. The completion of the package is mandatory for all contractors prior to their selection as readers.
