[Docket Nos. ER03-782-000 and ER03-782-001]

Rayo Energy LLP; Notice of Issuance of Order

July 25, 2003.

Rayo Energy LLP (Rayo) filed an application for market-based rate authority, with an accompanying rate schedule. The proposed rate schedule provide for sales of capacity, energy and ancillary services at market-based rates and the reassignment of transmission capacity. Rayo also requested waiver of various Commission regulations. In particular, Rayo requested that the Commission grant blanket approval under 18 CFR part 34 of all future issuances of securities and assumptions of liability by Rayo.

On July 17, 2003, pursuant to delegated authority, the Director, Division of Tariffs and Market Development—South, granted the request for blanket approval under part 34, subject to the following:

Any person desiring to be heard or to protest the blanket approval of issuances of securities or assumptions of liability by Rayo should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214).

Notice is hereby given that the deadline for filing motions to intervene or protests, as set forth above, is August 18, 2003.

Absent a request to be heard in opposition by the deadline above, Rayo is authorized to issue securities and assume obligations or liabilities as a guarantor, indorser, surety, or otherwise in respect of any security of another person; provided that such issuance or assumption is for some lawful object within the corporate purposes of Rayo, compatible with the public interest, and is reasonably necessary or appropriate for such purposes.

The Commission reserves the right to require a further showing that neither public nor private interests will be adversely affected by continued approval of Rayo's issuances of securities or assumptions of liability.

Copies of the full text of the Order are available from the Commission's Public Reference Branch, 888 First Street, NE., Washington, DC 20426. The Order may also be viewed on the Commission's

[Docket No. CP03-330-000]

Tennessee Gas Pipeline Company; Notice of Application

July 25, 2003.

Take notice that on June 30, 2003, Tennessee Gas Pipeline Company (Tennessee), tendered for filing in Docket No. CP03-330-000, an application pursuant to section 7(b) of the Natural Gas Act (NGA), as amended, and part 157 of the regulations of the Federal Energy Regulatory Commission (Commission), requesting that the Commission issue an Order authorizing Tennessee's re-acquisition of capacity entitlement granted to Gulf Oil Corporation (Gulf), predecessor to Chevron U.S.A., Inc. (Chevron), and the abandonment of exchange service established under Rate Schedule T-139 between Tennessee and Gulf.

Tennessee states that upon issuance of the Commission's Order authorizing Tennessee's re-acquisition of the capacity entitlement and abandonment of the associated rate schedule, Chevron and Tennessee plan to execute the exhibits to an agreement to exchange and transfer assets. Pursuant to the agreement and exhibits, Tennessee is to abandon by sale its interest in VK Pipelines in exchange for Chevron's abandonment of capacity entitlement in Tennessee's Project Sabine Pipeline and from a portion of Tennessee's capacity entitlement in Transcontinental Gas Pipeline Corporations' Southwest Louisiana Gathering System. Tennessee's abandonment of its interest in the VK Pipelines will be accomplished under its Blanket Certificate and will facilitate Chevron's and Tennessee's plans to consolidate offshore holdings.

Any questions concerning this application may be directed to Jacques Hodges, Tennessee Gas Pipeline Company, call (832) 676-5509, fax (832) 676-2251.

This filing is available for review at the Commission or may be viewed on the Commission's Web site at <http://www.ferc.gov>, using the "FERRIS" link. Enter the docket number excluding the last three digits in the docket number filed to access the document. For assistance, please contact FERC Online Support at FERC OnlineSupport@ferc.gov or call toll-free at (866) 206-3676, or for TTY, contact (202) 502-8659. Comments, protests and interventions may be filed electronically via the Internet in lieu of paper. See 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site under the "e-Filing" link. The Commission strongly encourages intervenors to file electronically.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 14 copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

If the Commission decides to set the application for a formal hearing before an Administrative Law Judge, the Commission will issue another notice describing that process. At the end of the Commission's review process, a final Commission order approving or denying a certificate will be issued.

Comment Date: August 8, 2003.

Linda Mitry,

Acting Secretary.
