

Order 870, 62 FR 7750, 2/20/97; June 1999 (Board Order 1040, 64 FR 33242, 6/22/99); and, April 2002 (Board Order 1224, 67 FR 20087, 4/15/02). The general-purpose zone project currently consists of the following sites in the Cleveland, Ohio, area: *Site 1* (94 acres)—Port of Cleveland complex on Lake Erie at the mouth of the Cuyahoga River, Cleveland; *Site 2* (128 acres)—the IX Center (formerly the “Cleveland Tank Plant”), in Brook Park, adjacent to the Cleveland Hopkins International Airport; *Site 3* (1,900 acres)—Cleveland Hopkins International Airport complex; *Site 4* (450 acres)—Burke Lakefront Airport, 1501 North Marginal Road, Cleveland; *Site 5* (298 acres)—Emerald Valley Business Park, Cochran Road and Beaver Meadow Parkway, Glenwillow; *Site 6* (30 acres)—Collinwood site, South Waterloo (South Marginal) Road and East 152nd Street, Cleveland; *Site 7* (47 acres)—Water Tower Industrial Park, Coit Road and East 140th Street, Cleveland; *Site 8* (83 acres)—Strongsville Industrial Park, Royalton Road (State Route 82), Strongsville; *Site 9* (13 acres)—East 40th Street between Kelley & Perkins Avenues (3830 Kelley Avenue), Cleveland; and, *Site 10* (15 acres)—Frane Industrial Park, Forman Road, Ashtabula; *Temporary Site 11* (15 acres)—Snow Road Industrial Park, 18901 Snow Road, Brook Park; and, *Temporary Site 12* (32 acres)—Tow Path Valley Business Park, 3060 Eggers Avenue, Cleveland. Applications are pending with the FTZ Board to expand existing Site 3 (Docket 38–2002), to expand existing Site 1 (Docket 6–2003) and to expand existing Site 8 (Docket 14–2003).

The applicant is now requesting authority to expand the general-purpose zone to include an additional site (New Proposed Site 11) in the City of Vermilion (Lorain County). *New Proposed Site 11* (172 acres, 2 parcels) is located within the 800-acre Harbour Point Business Park, Baumhart Road, at the intersections of U.S. Route 6 and Ohio Route 2, Vermilion. (Though there is an existing Site 11, it is temporary, and an application is pending with the Board that would incorporate it as part of Site 3.) The proposed zone project is immediately adjacent to the Ford Motor Company subzone in Lorain. The site is owned by Great Lakes Development, Ltd. The site will provide public warehousing and distribution services to area businesses. No specific manufacturing requests are being made at this time. Such requests would be made to the Board on a case-by-case basis.

In accordance with the Board’s regulations, a member of the FTZ Staff

has been designated examiner to investigate the application and report to the Board.

Public comment on the application is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board’s Executive Secretary at one of the following addresses:

1. Submissions via Express/Package Delivery Services: Foreign-Trade Zones Board, U.S. Department of Commerce, Franklin Court Building-Suite 4100W, 1099—14th Street, NW., Washington, DC 20005.

2. Submissions via the U.S. Postal Service: Foreign-Trade Zones Board, U.S. Department of Commerce, FCB-Suite 4100W, 1401 Constitution Avenue, NW., Washington, DC 20230.

The closing period for their receipt is September 2, 2003. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period (to September 16, 2003).

A copy of the application and accompanying exhibits will be available during this time for public inspection at address Number 1 listed above, and at the U.S. Department of Commerce Export Assistance Center, 600 Superior Avenue East, Suite 700, Cleveland, OH 44114.

Dated: June 27, 2003.

Dennis Puccinelli,

Executive Secretary.

Notice of Postponement of Final Antidumping Duty Determination: High and Ultra-High Voltage Ceramic Station Post Insulators from Japan

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Postponement of final antidumping duty determination.

EFFECTIVE DATE: July 3, 2003.

FOR FURTHER INFORMATION CONTACT: Timothy Finn or Michele Mire, AD/CVD Enforcement, Office 4, Group II, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone (202) 482–0065 or (202) 482–4711, respectively.

SUMMARY: The Department of Commerce (the Department) is postponing the final

determination in the antidumping duty investigation of high and ultra-high voltage ceramic station post insulators (HVSPs) from Japan. The deadline for issuing the final determination in this investigation is now October 29, 2003.

SUPPLEMENTARY INFORMATION:

Background

On June 16, 2003, the Department published its preliminary determination in the investigation of HVSPs from Japan (68 FR 35627). The notice stated that the Department would issue its final determination no later than 75 days after the date of publication of the preliminary determination.

Postponement of Final Determination

On June 20, 2003, the Department received a request for postponement of the final determination from NGK Insulators, Ltd., a manufacturer/exporter who accounts for a significant portion of the exports of subject merchandise. There are no compelling reasons for the Department to deny this request. Therefore, pursuant to section 19 CFR 351.210(b)(2)(ii), the Department is postponing the deadline for issuing the final determination until October 29, 2003.

This notice of postponement is in accordance with section 735(a)(2)(A) of the Tariff Act of 1930, as amended, and 19 CFR 351.210(b)(2)(ii).

Dated: June 23, 2003.

Joseph A. Spetrini,

Acting Assistant Secretary for Import Administration.

Welded Carbon Steel Pipes and Tubes From India

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of initiation of new shipper antidumping duty review: Welded carbon steel pipes and tubes from India.

EFFECTIVE DATE: July 3, 2003.

SUMMARY: On May 30, 2003, the Department of Commerce received a request to conduct a new shipper review of the antidumping duty order on welded carbon steel pipes and tubes from India. In accordance with section 751(a)(2)(B) of the Tariff Act of 1930, as

amended, and 19 CFR 351.214(d), we are initiating a new shipper review.

FOR FURTHER INFORMATION CONTACT: Minoo Hatten or Mark Ross at (202) 482-1690 and (202) 482-4794, respectively, AD/CVD Enforcement III, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230.

SUPPLEMENTARY INFORMATION:

Background

The notice announcing the antidumping duty order on welded carbon steel pipes and tubes from India was published on May 12, 1986. On May 30, 2003, we received a request for a new shipper review of the antidumping duty order on welded carbon steel pipes and tubes from India from Surya Roshni, Ltd. (Surya), and K&K Enterprises, Inc. Surya is both the producer and exporter of the subject merchandise on which its request for a new shipper review is based.

Initiation of Review

Pursuant to 19 CFR 351.214(b)(2)(i) and (iii)(A), Surya provided a certification that it did not export subject merchandise to the United States during the period of investigation (POI) and, that since the initiation of the investigation, it has never been affiliated with any exporter or producer that exported the subject merchandise to the United States during the POI, including those not individually examined during the investigation.

In addition, Surya submitted documentation establishing the following: (1) The date on which it first shipped the subject merchandise for export to the United States and the date on which its subject merchandise was first entered, or withdrawn from warehouse, for consumption; (2) the volume of its first shipment and the volume of subsequent shipments; and (3) the date of its first sale to an unaffiliated customer in the United States.

Pursuant to section 751(a)(2)(B) of the Tariff Act, as amended (the Act), and 19 CFR 351.214(d)(1), we are initiating a new shipper review for shipments of welded carbon steel pipes and tubes from India produced and exported by Surya. The period of review is May 1, 2002, through April 30, 2003. See 19 CFR 351.214(g)(1)(i)(A). We intend to issue the final results of this review no later than 270 days from the date of initiation. See 19 CFR 351.214(i).

We will instruct the Bureau of Customs and Border Protection to

continue to suspend liquidation of any entries of the subject merchandise and to allow, at the option of the importer, the posting of a bond or security in lieu of a cash deposit for each entry of the subject merchandise produced and exported by Surya until the completion of the review. Surya has certified that it both produced and exported the subject merchandise on which it based the request for a new shipper review. Therefore, we will apply the bonding option only to subject merchandise for which it is both the producer and exporter.

Interested parties that need access to proprietary information in this new shipper review should submit applications for disclosure under administrative protective order in accordance with 19 CFR 351.305 and 351.306.

This initiation and notice are in accordance with section 751(a) of the Act and 19 CFR 351.214 and 351.221(c)(1)(i).

Dated: June 30, 2003.

Jeffrey May,

Deputy Assistant Secretary for Import Administration.

National Oceanic and Atmospheric Administration

[I.D. 021903B]

RIN 0648-AQ24

Fisheries of the Caribbean, Gulf of Mexico, and South Atlantic; Reef Fish Fishery of the Gulf of Mexico; Rebuilding Plan for Greater Amberjack in the Gulf of Mexico

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of agency action.

SUMMARY: NMFS announces approval of Secretarial Amendment 2 to the Reef Fish Fishery Management Plan (Secretarial Amendment 2) that establishes a 10-year stock rebuilding plan for greater amberjack in the Gulf of Mexico. The Secretary of Commerce, acting through the Gulf of Mexico Fishery Management Council (Council), prepared Secretarial Amendment 2. The greater amberjack rebuilding plan consists of a series of 3-year management goals and the associated management measures and actions necessary to achieve those goals, as

determined by the status of the stock during each of the 3-year intervals. Secretarial Amendment 2 also establishes biomass-based stock rebuilding targets and thresholds (i.e., maximum sustainable yield (MSY), optimum yield (OY), maximum fishing mortality threshold (MFMT), and minimum stock size threshold (MSST)), consistent with the requirements of the Sustainable Fisheries Act of 1996 (SFA). The intended effect of Secretarial Amendment 2 is to prevent overfishing and rebuild the greater amberjack resource consistent with the requirements of the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act) while minimizing, to the extent practicable, adverse economic impacts on all users of the resource and the affected fishing communities.

FOR FURTHER INFORMATION CONTACT: Phil Steele, telephone: 727-570-5305, fax: 727-570-5583, e-mail: Phil.Steele@noaa.gov.

SUPPLEMENTARY INFORMATION: The reef fish fishery in the exclusive economic zone of the Gulf of Mexico is managed under the Fishery Management Plan for the Reef Fish Resources of the Gulf of Mexico (FMP). The FMP was prepared by the Council and is implemented under the authority of the Magnuson-Stevens Act by regulations at 50 CFR part 622.

On March 14, 2003, NMFS published a notice of availability of Secretarial Amendment 2 and requested public comment (68 FR 12344). After considering the public comments received, NMFS approved Secretarial Amendment 2, without modification, on June 12, 2003. The background and rationale for the measures in Secretarial Amendment 2 are contained in the amendment and the notice of availability and are not repeated here.

Comments and Responses

NMFS received one set of comments on Secretarial Amendment 2 from a group of environmental organizations. Those comments and NMFS' responses are provided below.

Comment 1: NOAA Fisheries must assess the amount and type of bycatch occurring in each fishery and ensure that each plan includes conservation and management measures that, to the extent practicable, minimize bycatch and minimize the mortality of such bycatch that cannot be avoided.

Response: NMFS is committed to working through the Council process for development and implementation of fishery management plans to minimize bycatch, and to the extent practicable,
