Federal Motor Vehicle Safety Standards No. 224; Rear Impact Protection

AGENCY: National Highway Traffic Safety Administration (NHTSA), DOT.

ACTION: Notice of proposed rulemaking (NPRM).

SUMMARY: In this document, NHTSA proposes to amend the Federal motor vehicle safety standard (FMVSS) No. 224, "Rear impact protection," to exclude road construction controlled horizontal discharge semitrailers (RCC horizontal discharge trailers) from the standard. The agency has tentatively concluded that the installation of rear impact guards (underride guards), as required by FMVSS No. 224, on RCC horizontal discharge trailers is impracticable due to the unique design and purpose of such vehicles.

DATES: You should submit comments early enough to ensure that Docket Management receives them not later than October 20, 2003.
