## DEPARTMENT OF LABOR

### Office of the Secretary

#### Strengthening Labor Systems in Southern Africa

**AGENCY:** Bureau of International Labor Affairs, Department of Labor.

**ACTION:** Notice of availability of funds and solicitation for grant application (SGA 03-21).

**SUMMARY:** This notice contains all of the necessary information and forms needed to apply for grant funding. The U.S. Department of Labor (USDOL), Bureau of International Labor Affairs (ILAB), announces the availability of funds to be granted by cooperative agreement (hereafter referred to as "grant") to one or more qualifying organizations. USDOL will award up to U.S. \$4.2 million through one or more grants to an organization or organizations to improve labor law compliance in Botswana, Lesotho, Namibia, and Swaziland in order to facilitate their integration into the global economy. Proposals must be regional in scope and respond to the entire Statement of Work as contained in Section III, but applicants will not be penalized for lacking previous experience with regional projects. For example, organizations with experience in only one country will be judged based on the success they achieved in that country and their proposal for how they plan to work successfully throughout the rest of the targeted region. Partnerships between more than one organization are also eligible and encouraged, in particular with qualified, regionally-based organizations in order to build local capacity, although in such a case a lead organization must be identified.

**DATES:** The closing date for receipt of applications is Friday, August 22, 2003. Applications must be received by 4:45 p.m. (Eastern Time) at the address below.

**ADDRESSES:** Application forms will not be mailed. They are published as part of this **Federal Register** notice and in the **Federal Register**, which may be obtained from your nearest U.S. Government office or public library or online at [http://www.archives.gov/federal\\_register/index.html](http://www.archives.gov/federal_register/index.html).

Applications must be delivered to: U.S. Department of Labor, Procurement Services Center, 200 Constitution Avenue, NW., Room N-5416, Attention:

Lisa Harvey, Reference: SGA 03-21, Washington, DC 20210.

Applications sent by e-mail, telegram, or facsimile (FAX) will not be accepted. Applications sent by other delivery services, such as Federal Express, UPS, etc., will be accepted; the applicant, however, bears the responsibility for timely submission. Applications that do not meet the conditions set forth in this notice will not be honored. No exceptions to the mailing and delivery requirements set forth in this notice will be granted.

**FOR FURTHER INFORMATION CONTACT:** Lisa Harvey, e-mail address:

[harvey.lisa@dol.gov](mailto:harvey.lisa@dol.gov), tel: (202) 693-4570 (this is not a toll-free number).

**SUPPLEMENTARY INFORMATION:** The expansion of global trade and investment and the improvement of working conditions and protection of basic worker rights are best understood as mutually reinforcing, and not mutually exclusive objectives. In today's environment of widespread market reforms and economic integration, efficient and fair labor markets are a prerequisite for economic growth, increasing living standards, and promoting employment in the U.S. As political developments, market reforms, and the transition to a global economy bring significant changes to national economies, individual labor market systems need to change accordingly to remain viable and to support their populations. In addition, the inability to manage the development of a relatively open market economy during periods of political and social transition impedes the development of political democracy, social cohesion, and equity.

USDOL/ILAB carries out a worldwide International Cooperation Program that helps address some of these difficulties by working to ensure that the greatest possible number of workers benefit from a more open world economy. The three major initiatives of the International Cooperation Program are:

*Improving Economic Opportunity and Income Security for Workers (EOIS)*—Under the EOIS initiative, USDOL works to strengthen developing countries' abilities to build and institutionalize social safety net policies and programs needed to improve working conditions and foster economic growth. Projects under this initiative aim to increase employment among targeted groups, improve workplace safety and health, and increase access to social insurance.

*Protecting the Basic Rights of Workers (PBRW)*—Under the PBRW initiative, USDOL works to implement the fundamental principles embodied in the

International Labor Organization's (ILO) Declaration on Fundamental Principles and Rights at Work, specifically working towards strengthening the right to freedom of association and collective bargaining, eliminating forced or compulsory labor, and eliminating employment discrimination.

*International HIV/AIDS Workplace-based Education Program (IHWEPE)*—Under the IHWEPE initiative, USDOL works to reduce the rate of HIV/AIDS infection through workplace-based prevention and education programs and to improve the workplace environment for workers living with HIV/AIDS. The IHWEPE program also works to build the capacity of the tripartite partners to address the long-term impact of HIV/AIDS on labor markets and economic development.

USDOL/ILAB manages its projects in partnership with stakeholders representing the government, employers, workers, and other organizations.

#### I. Authority

ILAB is authorized to award and administer this program by the Consolidated Appropriations Resolution, 2003, Public Law 108-7, 117 Stat. 11 (2003).

#### II. Application Process

##### A. Eligible Applicants

Any commercial, international, educational, or not-for-profit organization (including faith-based organizations) with experience effectively implementing projects in the relevant technical field(s) and working with foreign national government ministries, regional and local government entities, employers and employer organizations, workers and labor organizations, and non-governmental and community-based organizations is eligible for this grant(s). All applicants are requested to complete the Survey on Ensuring Equal Opportunity for Applicants (OMB No. 1225-0083) (see Appendix A). Labor ministries are the primary government entities that will be involved, but projects may also include ministries for education, social affairs, commerce, finance, and those working with special targeted populations such as youth, women, persons with disabilities or minorities. Partnerships of more than one organization are also eligible and encouraged, in particular with qualified regionally-based organizations to further build local capacity, although in such a case a lead organization must be identified. The capability of an applicant, partners, and co-applicants to

perform necessary aspects of this solicitation will be determined under Section XI—Review and Selection of Applications for Award.

Please note that to be eligible, grant applicants classified under the Internal Revenue Code as a 501(c)(4) entity (see 26 U.S.C. 501(c)(4)), may not engage in lobbying activities. According to the Lobbying Disclosure Act of 1995, as amended by 2 U.S.C. 1611, an organization, as described in section 501(c)(4) of the Internal Revenue Code of 1986, that engages in lobbying activities shall not be eligible for the receipt of federal funds constituting an award, grant, or loan.

### B. Submission of Applications

One (1) blue ink-signed original, complete application in English plus two (2) copies of the application must be submitted to the U.S. Department of Labor, Procurement Services Center, 200 Constitution Avenue, NW., Room N-5416, Washington, DC 20210, no later than 4:45 p.m. Eastern Time on the established due date. To aid with review of applications, Applicants may elect to submit three (3) additional paper copies of the application (five total).

Applicants who do not provide additional copies will not be penalized.

The application must consist of two (2) separate parts. Part I of the application must contain the Standard Form (SF) 424, "Application for Federal Assistance" and sections A–F of the Budget Information Form SF 424A (see Appendix A). These forms are also available at <http://www.whitehouse.gov/omb/grants>. Part II must contain a technical proposal that demonstrates capabilities in accordance with the statement of work (Section III) and the selection criteria (Section XI). The application should include the name, address, telephone and fax numbers, and e-mail address (if applicable) of a key contact person at the applicant's organization in case questions should arise.

To be considered responsive to this solicitation, the application must consist of the above-mentioned separate sections not to exceed 45 single-sided (8½" x 11" or A4), double-spaced, 12-point font, typed pages for which a response is submitted. Major sections and sub-sections of the application should be divided and clearly identified (e.g., with tab dividers), and all pages shall be numbered. Applicants are required to propose that a project address ALL of the project objectives identified in the Statement of Work in Section III. Any applications that do not conform to these standards may be deemed non-responsive to this

solicitation and may not be evaluated. The application must include a table of contents and an abstract summarizing the application in not more than two (2) pages. Standard forms, attachments, résumés, exhibits, letters of support, and the abstract are not counted towards the page limit. If an applicant exceeds the stated page limit, the review panel has the discretion to deduct 10 points.

Upon completion of negotiations, the individual signing the SF 424 on behalf of the applicant must be authorized to bind the applicant.

### C. Acceptable Methods of Submission

The grant application package must be received at the designated place by the date and time specified, or it will not be considered. Applications sent by e-mail, telegram, or facsimile (FAX) will not be accepted. Applications sent by other delivery services, such as Federal Express, UPS, etc., will be accepted; the applicant, however, bears the responsibility for timely submission. Applications that do not meet the conditions set forth in this notice will not be honored. No exceptions to the mailing, delivery, and hand-delivery conditions set forth in this notice will be granted.

Any application received at the Office of Procurement Services after 4:45 p.m. Eastern Time on Friday, August 22, 2003 will not be considered unless it is received before the award is made and:

- It was sent by registered or certified mail no later than the fifth calendar day before the closing date; or
- It was sent by U.S. Postal Service Express Mail/Next Day Service from the post office to the addressee no later than 5:00 p.m. at the place of mailing two (2) working days (excluding weekends and Federal holidays), prior to the closing date; or
- It is determined by the Government that the late receipt was due solely to mishandling by the Government after receipt at the U.S. Department of Labor at the address indicated.

The only acceptable evidence to establish the date of mailing of a late application sent by registered or certified mail is the U.S. Postal Service postmark on the envelope or wrapper and on the original receipt from the U.S. Postal Service. If the postmark is not legible, an application received after the above closing time and date shall be processed as if mailed late. "Postmark" means a printed, stamped, or otherwise placed impression (not a postage meter machine impression) that is readily identifiable without further action as having been applied and affixed by an employee of the U.S. Postal Service on the date of mailing. Therefore,

applicants should request that the postal clerk place a legible hand cancellation "bull's-eye" postmark on both the receipt and the envelope or wrapper.

The only acceptable evidence to establish the date of mailing of a late application sent by U.S. Postal Service Express Mail/Next Day Service from the post office to the addressee is the date entered by the Post Office receiving clerk on the "Express Mail/Next Day Service—Post Office to Addressee" label and the postmark on the envelope or wrapper on the original receipt from the U.S. Postal Service. "Postmark" has the same meaning as defined above. Therefore, applicants should request that the postal clerk place a legible hand cancellation "bull's-eye" postmark on both the receipt and the envelope or wrapper.

The only acceptable evidence to establish the time of receipt at the U.S. Department of Labor is the date/time stamp of the Procurement Service Center on the application wrapper or other documentary evidence or receipt maintained by that office.

All applicants are advised that U.S. mail delivery in the Washington DC area has been slow and erratic due to concerns involving anthrax contamination. Applicants must take this into consideration when preparing to meet the application deadline. It is recommended that you confirm receipt of your application with your delivery service.

### D. Funding Levels

Up to U.S. \$4.2 million is available for this project, and USDOL reserves the right to award more than one grant. USDOL may award one or more grants to one organization or several, or to a partnership of more than one organization. The award of any sub-contract will be subject to USDOL approval (see Section IV).

### E. Program Duration

The duration of the project funded by this SGA is up to four (4) years. The start date of program activities will be negotiated upon award of the grant, which will take place no later than September 30, 2003.

### III. Statement of Work

USDOL is seeking qualified organizations that will implement, in partnership with USDOL, a regional project to increase labor law compliance in Botswana, Lesotho, Namibia, and Swaziland by strengthening the capacity of labor ministries to enforce national labor laws and increasing the knowledge and capacity of employers and workers to apply those laws.

Specific project objectives are identified in Section III.C.

Applicants should submit proposals that are regional in scope and demonstrate the organization's capabilities to implement a project in accordance with the Statement of Work and the selection criteria. Applicants, however, will not be penalized for lacking previous experience working on regional projects. For example, organizations with experience in only one country will be judged based on the success they achieve in that country and their proposal for working successfully throughout the rest of the targeted region. USDOL encourages applicants to be creative in proposing innovative and cost-effective interventions that will produce a demonstrable and sustainable impact.

Funds will be provided by grant to qualifying organizations. The grant will be actively managed by USDOL/ILAB to assure achievement of the stated project objectives. The award of any sub-contract will be subject to USDOL policies and approval (see Section IV).

**Note:** Selection of an organization as a grantee does not constitute approval of the grant application as submitted. Before the actual grant is awarded, USDOL may enter into negotiations about such items as program components, funding levels, and administrative systems in place to support grant implementation. If the negotiations do not result in an acceptable submission, the Grant Officer reserves the right to terminate the negotiation and decline to fund the application. Award is also contingent upon signature of a letter of agreement between USDOL and relevant ministries in target countries.

#### A. Background and Problem Statement

The governments of Botswana, Lesotho, Namibia, and Swaziland are in the process of strengthening national labor law administration and compliance, particularly those laws related to the fundamental principles embodied in the International Labor Organization's (ILO) Declaration on Fundamental Principles and Rights at Work. These basic labor protections are essential to promoting open economies, higher living standards, and a favorable climate for trade and investment. Each of these countries, however, faces several obstacles that could undermine these objectives. These obstacles include:

- The absence of comprehensive national strategies for improving labor law compliance.
- Inadequate policies, training and procedures for carrying out labor inspections.

- Weak institutional linkages between labor ministries, employers and workers/unions.

- Underutilization of data to strategically target inspections to the most problematic employers and sectors.

- Inefficient administrative systems for resolving labor cases in the courts, which lead to a burdensome backlog of cases.

- Lack of capacity of union officials to effectively represent workers and their interests in legal proceedings.

- Lack of awareness among workers of labor protections.

Assessments of the current status of labor rights and their implementation in southern Africa are available in a variety of sources, among them the annual U.S. Department of State *Report on Human Rights Practices*; the recommendations of the Committee of Experts of the International Labor Organization's (ILO) Committee on the Application of Conventions and Recommendations; the recommendations of the ILO's Committee on Freedom of Association; and reports of the International Confederation of Free Trade Unions (ICFTU).

#### B. Target Population

Applicants shall target labor ministries, employer organizations and/or individual employers, worker organizations and/or individual adult workers and youth of legal working age working in non-hazardous activities, and tripartite (government, employer, and worker) institutions in Botswana, Lesotho, Namibia, and Swaziland as the intended (direct and indirect) beneficiaries of project activities. USDOL will work with the Grantee(s) to determine specific target populations depending on an assessment of countries' political will, capacity to absorb resources, and potential to sustain project activities and project impact.

#### C. Objectives

The Grantee(s) will implement, in partnership with USDOL, a project designed to increase labor law compliance in Botswana, Lesotho, Namibia, and Swaziland by strengthening the capacity of labor ministries to enforce national labor laws and increasing the knowledge and capacity of employers and workers to apply those laws. Contributing to the achievement of these goals are three project objectives ("immediate objectives"):

*Immediate Objective 1:* Increased knowledge among workers and employers of national labor laws and of

the available means to access labor ministry services to enforce the rights established by those laws, in particular:

- The right to freedom of association;
- The right to organize and bargain collectively;
- The prohibition on the use of any form of forced or compulsory labor;
- Labor protections for children and young people, including a minimum age for the employment of children and the prohibition and elimination of the worst forms of child labor;
- Legally mandated conditions of work with respect to minimum wages, hours of work, and occupational safety and health; and
- The legal processes for protecting and enforcing basic worker rights, from complaint intake to resolution.

*Immediate Objective 2:* Strengthen labor ministry inspection systems to effectively enforce national labor laws.

*Immediate Objective 3:* Create new or strengthen existing dispute resolution mechanisms within the labor ministries (e.g., mediation, arbitration, alternative dispute resolution)

*Relationship to USDOL Program Strategy:* By helping to improve labor law compliance in Botswana, Lesotho, Namibia, and Swaziland, the proposed project supports achievement of USDOL's GPRA goal (3.3b), "to improve living standards and conditions of work for workers in developing and transition countries."

#### D. Type of Work To Be Performed/Activities

Applicants are responsible for developing a strategy for successfully achieving the above-stated objectives and addressing the problem(s) identified in the Background and Problem Statement, developing and implementing the major tasks and activities to be accomplished as part of that strategy, tracking and reporting on progress in achieving the stated objectives, and providing any necessary services. USDOL will work with the Grantee(s) to determine the scope of country projects based on an assessment of countries' political will, capacity to absorb resources, and potential to sustain project activities and project impact.

When developing the strategy and activities for each project's objective, the Applicant should take into consideration the need to:

- Work in close collaboration with complementary, on-going projects in the region, such as the ILO *Project to Advance Social Partnership in Promoting Labour Peace in Southern Africa* and the USDOL-funded ILO

project, *Strengthening Labour Administration in Southern Africa*.

- Work closely with ministries of labor, employer associations, and trade unions of the project countries to reach consensus on the project strategy.
- Build upon existing tripartite (*i.e.*, government, employer, and worker) institutions and mechanisms that are critical to dialogue among key sectors of civil society and in developing national positions regarding all aspects of labor policy.
- Develop regional activities to facilitate cooperation among neighboring states regarding labor-related matters, exchange information on best practices, and reinforce on-going efforts to harmonize labor standards within Southern Africa.

#### E. Expected Outcomes/Project Outputs

By the end of the grant period, the project will have increased labor law compliance in the project countries through: (a) A greater knowledge of national laws, legal processes and their application among employers and workers, (b) the strengthened capacity of labor ministries to effectively enforce labor laws, and (c) the implementation of more effective systems to resolve industrial disputes

Applicants are expected to describe in their technical proposal: (a) The strategy that they will adopt to achieve these outcomes within the stated timeframe and available USDOL funds; and (b) the indicators and system of data collection they will use to measure the achievement of these outcomes (*i.e.*, increased labor law compliance, greater knowledge of national labor laws and their application, and more effective industrial dispute resolution systems), as well as all key outputs of the project.

#### F. Conditions Precedent

Prior to providing any technical assistance to any project country, the level of political commitment of each government to increase labor law compliance must be demonstrated in a clear and measurable way. Past experience has demonstrated that without the political will of the benefiting institutions to provide the necessary resources and support to effect change, no international project or form of assistance will achieve its stated objectives. Accordingly, applicants are requested to provide in their technical proposal a methodology for assessing the political will of the governments of Botswana, Lesotho, Namibia and Swaziland to increase labor law compliance. Such information will be utilized by USDOL, in consultation with

the Grantee(s), for deciding how to allocate project assistance.

#### G. Deliverables

Following the award of the grant, the Grantee(s) shall collaborate with USDOL/ILAB to:

- Develop a Project Document (including a project budget) that will set the technical parameters and provide guidance to the project. It should include all information and be prepared according to the standardized format outlined by USDOL. While the Applicant's original proposal will serve as the basis of the Project Document, in every case USDOL has found it advantageous to visit the field and reach consensus on the project strategy with host country counterparts in order to further inform the project design. USDOL must receive a draft of the Project Document 45 days after returning from travel to the relevant area(s). The Project Document must be finalized no later than 30 days after receipt of USDOL comments on the draft.

- Establish a Workplan identifying major project activities, deadlines for their completion, and person(s) responsible for completing these activities (within 60 days after the Project Document is finalized).
- Set project indicators, including indicators that support ILAB's Government Performance and Results Act (GPRA) goal: "Improve living standards and conditions of work for workers in developing and transition countries." (within 90 days of finalizing the Project Document).

- Create a Performance Monitoring Plan (PMP) to establish the data needed to measure achievement of project indicators and the methods for collection and reporting. It should include all information and be prepared according to the standardized format outlined by USDOL (within 90 days of finalizing the Project Document).

The Grantee(s) must submit copies of all required documents to USDOL by the specified due dates. Other documents that may be produced are to be submitted by mutually agreed-upon deadlines. The Project Document, Workplan, project indicators, PMP, and data collection system are subject to final approval by the Grant Officer's Technical Representative (GOTR) responsible for monitoring the grant.

#### H. Special Program Requirements

##### 1. USDOL Responsibilities

Following the award of the grant(s), USDOL shall:

- Provide the Grantee(s) with programmatic support to help ensure

effective implementation of the project, including training and consultation in USDOL/ILAB management, monitoring, and evaluation systems and standard operating procedures.

- Provide advice and consultation to Grantee(s) on specific program criteria.
- If, based upon the responses to this solicitation and subsequent to the award, USDOL determines that it is necessary, travel to the field with the Grantee(s) and other technical experts for a project design mission before finalizing the project design and the Project Document. USDOL will procure the services of technical experts if it determines that such expertise is necessary for the project design mission.
- Fund at least two project evaluations—a mid-term evaluation at approximately the midpoint of the grant period and a final evaluation approximately two months prior to the end of the grant period. USDOL/ILAB—in consultation with the Grantee(s)—will be responsible for drafting and finalizing all evaluation Terms of Reference (TOR), procuring the services of an independent evaluator (who will write the evaluation report), and providing at least one representative from USDOL/ILAB to participate on the evaluation team, when appropriate. USDOL/ILAB may choose to perform additional evaluations as appropriate.
- Have the right, at all reasonable times, to review all documents pertaining to the project, participate on field missions (including monitoring and evaluation missions), and to discuss administrative and technical issues pertaining to the project with the Grantee.

##### 2. Grantee Responsibilities

Following the award of the grant(s), the Grantee(s) shall:

- Establish the institutional and management systems and means necessary to provide and monitor the delivery of services and distribute wages and material effectively.
- If USDOL determines that it is necessary, travel to the field with USDOL and other technical experts for a project design mission before finalizing the project design and the Project Document. The Grantee(s) shall bear the financial costs for having its representative(s) participate on the project design mission.
- Assist in project evaluations, including reviewing and providing comments on the evaluation Terms of Reference (TORs) drafted by USDOL and evaluation reports written by the lead evaluator. If invited to participate on an evaluation mission by USDOL, the Grantee(s) shall bear the financial

costs for having a representative of the Grantee(s) participate on an evaluation team (e.g., travel, *per diem*).

- Submit trip reports to USDOL within fourteen (14) calendar days of project-related travel. If the implementing partner travels with a USDOL staff member, the implementing organization will submit a draft trip report to the staff member within fourteen (14) calendar days of project-related travel for comments. The format for the trip report will be provided by USDOL.

- Inform USDOL/ILAB at least one (1) month prior to scheduling any major public events or ceremonies regarding the project.

- Submit to USDOL all media-related and educational materials developed by it or its sub-contractors under this Grant(s), including relevant press releases, for use in this project before they are reproduced, published, or used. The Grantee(s) must consult with USDOL to ensure that materials are compatible with USDOL materials relating to its International Cooperation Program. USDOL considers brochures, pamphlets, videotapes, slide-tape shows, curricula, and any other training materials used in the project to be educational materials. USDOL will review materials for technical accuracy. USDOL will also review training curricula and purchased training materials for accuracy before they are used. The Grantee(s) must obtain prior approval from the Grant Officer for all materials developed or purchased under this grant. All materials produced by Grantee(s) must be provided to USDOL in digital format for possible publication.

#### IV. Key Personnel and Sub-Contractors

USDOL considers the following job position(s) to be "key personnel" in these projects:

- Project Director (at regional and country levels)
- Country Representatives (staff representing the Grantee in a specific country)
- Consultants hired to work full-time for at least three months.

All key personnel should be fluent in spoken and written English.

USDOL expects all key personnel to work full-time on the project. All key personnel must be fluent in both written and spoken English. The Grant Officer must approve candidates for all key personnel positions. USDOL's Grant Officer's Technical Representative (GOTR) shall review candidates' qualifications and provide recommendations to the Grant Officer regarding the selection of candidates for

all key personnel positions. The Grantee(s) shall submit résumés, *curricula vitae*, and other relevant information to the GOTR and receive approval from the Grant Officer before extending an offer of employment and before the nominated individual conducts any activities.

Key personnel may only be changed with the approval of the Grant Officer. The Grantee(s) shall not substitute or replace key personnel unless new personnel are at least equal in qualifications to those personnel who are replaced. If a need to find new key personnel arises, the Grantee(s) shall notify the GOTR as soon as the need becomes known. If the Grant Officer is unable to approve the personnel change, he/she reserves the right to terminate the grant.

Organizations may apply for funding in partnership with other organizations, but in such a case, a lead organization must be identified. Use of sub-contractors is subject to Federal laws and regulations, including OMB circulars requiring free and open competition for procurement transactions.

The Grant Officer must approve all sub-contractors. USDOL's Grant Officer's Technical Representative (GOTR) shall review candidates' qualifications and provide recommendations to the Grant Officer regarding the selection of candidates for all sub-contractors. The lead organization shall submit a list of previous projects implemented by the proposed sub-contractor, along with a description of qualifications, résumés, *curricula vitae*, and other relevant information to the GOTR and receive approval from the Grant Officer before extending a sub-contract. The lead organization shall not substitute or replace sub-contractors unless new sub-contractors are at least equal in qualifications to those that are replaced. Sub-contractors may only be changed with the approval of the Grant Officer. If a need to find new sub-contractors arises, the lead organization shall notify the GOTR as soon as the need becomes known.

**Note:** Except as specifically provided, USDOL/ILAB acceptance of a proposal and an award of federal funds to sponsor any program(s) does not provide a waiver of any grant requirement and/or procedures. For example, if an application identifies a specific sub-contractor to provide the services, the USDOL/ILAB award does not provide the justification or basis to sole-source the procurement, *i.e.*, to avoid competition.

#### V. Reporting Requirements

All reports (see Appendix B) are due no later than 30 days after the end of a fiscal quarter and shall be submitted in English. USDOL/ILAB and the Grantee(s) should work together to resolve any issues within 30 days of receipt of a report.

##### A. Financial Reports

The Grantee(s) shall submit financial reports on a quarterly basis. The first reporting period shall end on the last day of the fiscal quarter (December 31, March 31, June 30, or September 30) during which the grant was signed.

The Grantee(s) shall use Standard Form (SF) 269A, *Financial Status Report*, to report the status of the funds, at the project level, during the grant period. A final SF269A shall be submitted no later than 90 days following completion of the grant period.

If the Grantee(s) uses the U.S. Department of Health and Human Services Payment Management System (HHS PMS), they shall also send USDOL copies of the PSC 272 that it submits to HHS, on the same schedule. Otherwise, the Grantee(s) shall submit Standard Form (SF) 272, *Federal Cash Transactions Report*, on the same schedule as the SF269A.

Financial reports are due within 30 days of the end of the reporting period (*i.e.*, by April 30, July 30, October 30, and January 30).

##### B. Technical Reporting Requirements

After signing the agreement, the Grantee(s) shall submit progress reports to USDOL/ILAB at the end of each fiscal quarter. The first reporting period shall end on the last day of the fiscal quarter (December 31, March 31, June 30, or September 30) during which the Grant was signed. Between reporting dates, the Grantee(s) shall also immediately inform USDOL/ILAB of significant developments and/or problems affecting the organization's ability to accomplish work.

The Grantee(s) shall submit two types of progress reports according to the standardized format used by USDOL/ILAB:

##### 1. Status Reports

Status Reports compare actual and planned activities during the reporting period, which consists of one quarter (January–March and July–September). Its purpose is to provide an update on the Workplan, problems/solutions, major achievements, or modifications. The Status Report should be brief and include an attached project Workplan indicating the status of Workplan

activities: "completed," "on schedule," "delayed," "cancelled." The body of the report should provide a summary explanation of any deviation from the Workplan and recommended actions.

Status Reports are due within 30 days of the end of the reporting period (*i.e.*, by April 30 and October 30).

## 2. Technical Progress Reports

Technical Progress Reports provide information on how the project is progressing in achieving its stated objectives. Technical Progress Reports will be based on the project's stated objectives, indicators, and Performance Monitoring Plan (PMP) and will provide both quantitative and qualitative information and a narrative assessment of performance for the preceding six-month period (January–June and July–December). Data measuring achievement of the project's indicators will be attached to the narrative, which will provide a composite overview of progress, trends, problems, new proposals, lessons learned, and expenditures. The body of the Technical Progress Report should be 2–3 pages in length, stressing major points related to strategy.

Technical Progress Reports are due within 30 days of the end of the reporting period (*i.e.*, by July 30 and January 30).

- Dates of travel
- Purpose of travel—what they will be doing and why

The Grantee(s) should submit the quarterly travel plan no later than four weeks prior to the start of each subsequent fiscal quarter (*e.g.*, By May 31, the GOTR should have travel plans for all Grantee travel occurring July 1 through September 30). For a trip beginning later than four weeks from the time the plan is submitted, dates should reflect a "best guess" (rather than simply listing "To Be Determined"). The dates should, however, be finalized no later than 4 weeks prior to departure.

All travelers should submit finalized travel details to the GOTR no later than 4 weeks prior to the desired departure date. If any major holiday occurs during those 4 weeks, travelers should submit finalized details earlier.

Individuals are not permitted to travel until USDOL/ILAB has received country clearance from the State Department (via e-mail or cable) or has received written authorization (including by e-mail) from the GOTR. This also applies to expatriates living abroad who go on personal or home leave: Although they do not need clearance to enter the U.S., they do need clearance to re-enter the country in which they are stationed.

While travelers may cancel trips at any time, USDOL/ILAB will not permit any amendments to a clearance cable (*e.g.*, for changes in dates of travel, or changes in the identified traveler) less than four weeks prior to the desired date of departure, except in dire emergencies, as determined by the GOTR.

## VII. Acknowledgment of USDOL Funding

### A. Acknowledgement on Printed Materials

In all circumstances, the following shall be displayed on printed materials: "Preparation of this item was funded by the United States Department of Labor under Grant No. [insert the appropriate grant number]."

When issuing statements, press releases, requests for proposals, bid solicitations, and other documents describing projects or programs funded in whole or in part with Federal money,

all Grantees receiving Federal funds must clearly state:

- The percentage of the total costs of the program or project, which will be financed with Federal money;
- The dollar amount of Federal funds for the project or program; and
- The percentage and dollar amount of the total costs of the project or program that will be financed by non-governmental sources.

### B. Use of the USDOL Logo

In consultation with ILAB, the Grantee(s) will acknowledge USDOL's role in one of the following ways:

- The USDOL logo may be applied to USDOL-funded material prepared for world-wide distribution, including posters, videos, pamphlets, research documents, national survey results, impact evaluations, best practice reports, and other publications of global interest. The Grantee(s) must consult with USDOL on whether the logo may be used on any such items prior to final draft or final preparation for distribution. In no event shall the USDOL logo be placed on any item until USDOL has given the Grantee written permission to use the logo on the item.
- All documents should include the following notice: "This document does not necessarily reflect the views or policies of the U.S. Department of Labor, nor does mention of trade names, commercial products, or organizations imply endorsement by the U.S. Government."

## VIII. Administrative Requirements

### A. General

Grantees, which may include faith-based organizations, will be subject to applicable Federal laws (including provisions of appropriations law) and the applicable Office of Management and Budget (OMB) Circulars.

Determinations of allowable costs will be made in accordance with the applicable Federal cost principles, *e.g.*, Non-Profit Organizations—OMB Circular A–122. The grant(s) awarded under this SGA will be subject to the following administrative standards and provisions, if applicable:

- 29 CFR Part 36—Federal Standards for Nondiscrimination on the Basis of Sex in Education Programs or Activities Receiving Federal Financial Assistance.
- 29 CFR Part 93—New Restrictions on Lobbying.
- 29 CFR Part 95—Uniform Administrative Requirements for Grants and Agreements with Institutions of Higher Education, Hospitals and Other Non-Profit Organizations, and with Commercial Organizations, Foreign

Governments, Organizations Under the Jurisdiction of Foreign Governments and International Organizations.

- 29 CFR Part 96—Federal Standards for Audit of Federally Funded Grants, Contracts and Agreements.
- 29 CFR Part 98—Federal Standards for Government wide Debarment and Suspension (Nonprocurement) and Government-wide Requirements for Drug-Free Workplace (Grants).
- 29 CFR Part 99—Federal Standards for Audits of States, Local Governments, and Non-Profit Organizations.

#### B. Sub-Contracts

Sub-contracts must be awarded in accordance with 29 CFR 95.40–48. In compliance with Executive Orders 12876 as amended, 13230, 12928, and 13021 as amended, the Grantee(s) is strongly encouraged to provide subcontracting opportunities to Historically Black Colleges and Universities, Hispanic-Serving Institutions and Tribal Colleges and Universities.

#### C. Encumbrance of Grant Funds

Grant funds may not be encumbered/obligated by the Grantee(s) before or after the period of performance. Encumbrances/obligations outstanding as of the end of the grant period may be liquidated (paid out) after the end of the grant period. Such encumbrances/obligations may involve only commitments for which a need existed during the grant period and which are supported by approved contracts, purchase orders, requisitions, invoices, bills, or other evidence of liability consistent with the Grantee's purchasing procedures and incurred within the grant period. All encumbrances/obligations incurred during the grant period must be liquidated within 90 days after the end of the grant period, if practicable.

#### D. Site Visits

USDOL, through its authorized representatives, has the right, at all reasonable times, to make site visits to review project accomplishments and management control systems and to provide such technical assistance as may be required. If USDOL makes any site visit on the premises of the Grantee or a sub-contractor(s) under this grant, the Grantee must provide and must require its sub-contractors to provide all reasonable facilities and assistance for the safety and convenience of the Government representatives in the performance of their duties. All site visits and evaluations will be performed so as not to unduly delay the work.

### IX. Grant Closeout Procedures

#### A. Definitions

##### 1. Grant Closeout

The closeout of a grant is the process by which a Federal grantor agency determines that all applicable administrative actions and all required work of the grant have been completed by the grantee and the grantor.

##### 2. Date of Completion

The date when all work under a grant is completed or the date in the grant award document, or any supplement or amendment thereto, on which Federal assistance ends, whichever comes first.

##### 3. Disallowed Costs

Disallowed costs are those charges to a grant that the grantor agency or its representative determines to not be allowed in accordance with the applicable Federal Cost Principles or other conditions contained in the grant.

#### B. Close-Out Procedures

Grants shall be closed out in accordance with the following procedures:

- Upon request, the Grantor shall make prompt payments to a Grantee for allowable reimbursable costs under the grant being closed out.
- The Grantee shall immediately refund to the Grantor any balance of unobligated (unencumbered) cash advanced to the Grantee that is not authorized for retention by the Grantee for use on other grants.
- Within 90 days after completion of the grant, the Grantee shall submit all financial, performance and other reports required by the Grant Officer to close out the grant. The Grant Officer may authorize extensions when requested by the grantee.
- The Grant Officer shall make a settlement for any upward or downward adjustments to the Federal share of costs after these reports are received.
- In the case of grants that include matching/in-kind contributions, the Grantee is legally required to provide the total amount of matching/in-kind contributions indicated on the face sheet of the agreement, as amended. Failure to provide this level of matching/in-kind contribution shall result in the disallowance of all or part of otherwise allowable Federal share costs, equal to the total matching/in-kind share committed to, less the share actually provided.
- The Grantee shall account for any property acquired with grant funds, or received from the Government in accordance with the provisions of 29 CFR Part 95.

- In the event that a final audit has not been performed prior to the closeout of the grant, the Grantor shall retain the right to recover an appropriate amount after fully considering the recommendations on disallowed costs resulting from the final audit.

### X. Measuring the Performance of the Grantee

The performance of the Grantee will be assessed based on the timely completion of one or more deliverables that will be due to USDOL at the end of each quarter of the Grant. These deliverables should reflect the outcomes of the project that are expected to help achieve the project's objective(s). Applicants are requested to include in their proposal a project implementation plan and approach to monitor the performance of the project throughout the period of the grant. The implementation plan is to consist of a quarterly schedule of activities and list of deliverables that would be completed by the contractor each quarter. The defined list and schedule of deliverables is viewed by USDOL as a key component of the technical proposal.

### XI. Review and Selection of Applications for Award

USDOL will screen all applications to determine whether all required elements are present and clearly identifiable. A Technical Panel will objectively rate each complete application against the criteria described in this announcement. The panel recommendations to the Grant Officer are advisory in nature. The Grant Officer may elect to select one or more Grantees on the basis of the initial proposal submission, or the Grant Officer may establish a competitive or technically acceptable range for the purpose of selecting qualified applicants. If deemed appropriate, following the Grant Officer's call for the preparation and receipt of final revisions of proposals, the evaluation process described above will be repeated to consider such revisions. The Grant Officer will make a final selection determination based on what is most advantageous to the Government, considering factors such as panel findings, geographic presence of the applicants, and the best value to the government, cost, and other factors. The Grant Officer's determination for award under this SGA is final.

#### A. The Review Process

The criteria below will serve as the basis upon which submitted applications will be evaluated. Technical aspects of the application will

constitute 100 points of the total evaluation. Up to five (5) additional points will be given for leveraging non-Federal resources.

In order to assist USDOL in assessing the efficient and effective allocation of project funding, the Applicant shall submit a project budget that clearly details the costs for performing all of the requirements presented in this solicitation, including producing all deliverables, reporting on implementation and progress, and monitoring progress. Applicants are reminded to budget for compliance with the administrative requirements set forth (copies of all regulations are referenced in this SGA are available at no cost, on-line, at <http://www.dol.gov>). This includes the costs of performing activities such as travel to Washington, DC to meet with USDOL/ILAB, financial audit, project closeout, document preparation (e.g., progress reports, project document), and ensuring compliance with procurement and property standards. The Project Budget should identify administrative costs separately from programmatic costs. In addition to the costs identified previously, administrative costs include indirect costs from the costs pool and the cost of activities, materials (e.g., project car), and personnel (e.g., administrative assistants, office drivers) that support the management and administration of the project but do not provide direct services to project beneficiaries.

The technical panel will review grant applicants against the criteria listed below on the basis of 100 points.

#### *B. Technical Approach—45 points*

- The extent to which the application sets forth a clear and supportable course of action to improve labor law compliance in Botswana, Lesotho, Namibia, and Swaziland by strengthening the capacity of labor ministries to enforce national labor laws and increasing the knowledge and capacity of employers and workers to apply those laws, including through labor dispute resolution. The Applicant will be evaluated on the clear identification and description of the specific strategy(s) the Applicant proposes to use, its effectiveness, and attainability of project objectives by the end of the grant period. (10 points)

- Demonstrated familiarity with the major issues related to the components being addressed (e.g., general project context, key problems and/or needs in the relevant country/area, the specific problem(s) and/or need(s) that will be addressed by this project(s), and relevant constraints). The Applicant

will be evaluated on the thorough and accurate assessment of the implementing environment and the problems that exist and clear identification of the specific problem(s) the Applicant proposes to address. (5 points)

- A monitoring and evaluation plan for measuring project performance that includes challenging but realistic targets and measurable, verifiable project indicators that measure achievement of project objectives and performance in project implementation. (5 points)

- A description of the applicant's approach to expending funds in the most cost-effective method possible in order to achieve the project objectives. The applicant should refer to its submitted budget in explaining how the budgeted funds will be utilized cost-effectively. In order to assist USDOL in assessing the efficient and effective allocation of project funding, the Applicant shall submit, at minimum, supporting budget information indicating how the Applicant arrived at estimating the costs of the following items/activities: Salaries and benefits for all key personnel, 2–3 key activities proposed by the Applicant under its project design, and closing the project and meeting all USDOL close-out requirements, as stated in this SGA. The Applicant will be evaluated based on the clear identification of all project costs and efficient and effective allocation of funding. The project budget should clearly demonstrate that the total amount and distribution of funds is sufficient to cover the cost of all major project activities identified by the Applicant in its proposal, management of the project, monitoring and evaluation, and project close-out and that the distribution of funds maximizes the provision of goods and/or services to project beneficiaries. This section will be evaluated in accordance with applicable Federal laws and regulations. The budget must comply with Federal cost principles (which can be found in the applicable OMB Circulars) and with ILAB budget requirements contained in the application instructions in Section III of this solicitation. (10 points)

- Use of existing expertise from the recipient country in order to reduce costs and further develop local capacity. (5 points)

- Inclusion of a sustainability strategy that ensures that project improvements will continue after the project ends. (5 points)

- Submission of a schedule of quarterly deliverables that will serve to determine the level of performance of the contractor. The identification of

deliverables that are presented in the proposal should be objective, verifiable, and demonstrate progress in achieving project objectives. (5 points)

#### *C. Institutional Qualifications/Past Performance—25 points*

- Prior experience in designing and implementing activities in developing countries, especially in Southern Africa, related to strategic planning, outreach and education, capacity building, labor law enforcement, and labor dispute resolution. The application shall include information as an attachment (which will not count towards the page limit) regarding previous grants, contracts, or grants, including (a) the organization for which the work was done, (b) a contact person in that organization with his/her current phone number, (c) the dollar value of the grant, contract, or Grant for the project(s), (d) the time frame and professional effort, either directly by key personnel, by consultants, or under contractual arrangements involved in the project(s), (e) a brief summary of the work performed; and (f) a brief summary of accomplishments. (10 points)

- Clear organizational structure and management plan, illustrating experience with carrying out participatory development activities with organizations (i.e., government ministries, employer organizations, worker organizations, community organizations) and maintaining positive and effective relationships with partners. (10 points)

- Demonstration of strong financial management and internal control systems. (5 points)

#### *D. Experience of Personnel—30 points*

- Key personnel with prior experience directly related to the proposed work, including technical and language qualifications, professional competence, relevant academic background, and demonstrated experience. Applicants shall submit a résumé for each key personnel proposed, which includes the individual's current employment status and previous work experience, including position title, duties performed, dates in position, employing organizations, and educational background. Duties must be clearly defined in terms of role performed (i.e., manager, team leader, consultant). Résumés shall be included as attachments, which do not count against the page limitation. (20 points)

- Clear management plan demonstrating the staffing requirements and other resources needed to implement the approach. (10 points)

*E. Leveraging of Grant Funding—5 points*

USDOL will award up to five (5) additional rating points to applications that include non-Federal resources that significantly expand the size and scope of project-related activities. These programs will not be financed by the project, but can complement and enhance project objectives. To be eligible for the additional points, the applicant must list the resource(s), the nature, and possible activities anticipated and any partnerships, linkages, or coordination of activities, cooperative funding, etc.

## INSTRUCTIONS FOR THE SF-424A

Public reporting burden for this collection of information is estimated to average 180 minutes per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the Office of Management and Budget, Paperwork Reduction Project (0348-0044), Washington, DC 20503.

**PLEASE DO NOT RETURN YOUR COMPLETED FORM TO THE OFFICE OF MANAGEMENT AND BUDGET. SEND IT TO THE ADDRESS PROVIDED BY THE SPONSORING AGENCY.**

**General Instructions**

This form is designed so that application can be made for funds from one or more grant programs. In preparing the budget, adhere to any existing Federal grantor agency guidelines which prescribe how and whether budgeted amounts should be separately shown for different functions or activities within the program. For some programs, grantor agencies may require budgets to be separately shown by function or activity. For other programs, grantor agencies may require a breakdown by function or activity. Sections A, B, C, and D should include budget estimates for the whole project except when applying for assistance which requires Federal authorization in annual or other funding period increments. In the latter case, Sections A, B, C, and D should provide the budget for the first budget period (usually a year) and Section E should present the need for Federal assistance in the subsequent budget periods. All applications should contain a breakdown by the object class categories shown in Lines a-k of Section B.

**Section A. Budget Summary Lines 1-4 Columns (a) and (b)**

For applications pertaining to a *single* Federal grant program (Federal Domestic Assistance Catalog number) and *not requiring* a functional or activity breakdown, enter on Line 1 under Column (a) the Catalog program title and the Catalog number in Column (b).

For applications pertaining to a *single* program *requiring* budget amounts by multiple functions or activities, enter the name of each activity or function on each line in Column (a), and enter the Catalog number in Column (b). For applications pertaining to multiple programs where none of the programs require a breakdown by function or activity, enter the Catalog program title on each line in *Column (a)* and the respective Catalog number on each line in Column (b).

For applications pertaining to *multiple* programs where one or more programs *require* a breakdown by function or activity, prepare a separate sheet for each program requiring the breakdown. Additional sheets should be used when one form does not provide adequate space for all breakdown of data required. However, when more than one sheet is used, the first page should provide the summary totals by programs.

**Lines 1-4, Columns (c) through (g)**

For *new applications*, leave Column (c) and (d) blank. For each line entry in Columns (a) and (b), enter in Columns (e), (f), and (g) the appropriate amounts of funds needed to support the project for the first funding period (usually a year).

For *continuing grant program applications*, submit these forms before the end of each funding period as required by the grantor agency. Enter in Columns (c) and (d) the estimated amounts of funds which will remain unobligated at the end of the grant funding period only if the Federal grantor agency instructions provide for this. Otherwise, leave these columns blank. Enter in columns (e) and (f) the amounts of funds needed for the upcoming period. The amount(s) in Column (g) should be the sum of amounts in Columns (e) and (f).

For *supplemental grants and changes* to existing grants, do not use Columns (c) and (d). Enter in Column (e) the amount of the increase or decrease of Federal funds and enter in Column (f) the amount of the increase or decrease of non-Federal funds. In Column (g) enter the new total budgeted amount (Federal and non-Federal) which includes the total previous authorized budgeted amounts plus or minus, as appropriate, the amounts shown in Columns (e) and (f). The amount(s) in Column (g) should not equal the sum of amounts in Columns (e) and (f).

**Line 5** - Show the totals for all columns used.

**Section B Budget Categories**

In the column headings (1) through (4), enter the titles of the same programs, functions, and activities shown on Lines 1-4, Column (a), Section A. When additional sheets are prepared for Section A, provide similar column headings on each sheet. For each program, function or activity, fill in the total requirements for funds (both Federal and non-Federal) by object class categories.

**Line 6a-i** - Show the totals of Lines 6a to 6h in each column.

**Line 6j** - Show the amount of indirect cost.

**Line 6k** - Enter the total of amounts on Lines 6i and 6j. For all applications for new grants and continuation grants the total amount in column (5), Line 6k, should be the same as the total amount shown in Section A, Column (g), Line 5. ## NATIONAL ARCHIVES AND RECORDS ADMINISTRATION

### Records Schedules; Availability and Request for Comments

**AGENCY:** National Archives and Records Administration (NARA).

**ACTION:** Notice of availability of proposed records schedules; request for comments.

**SUMMARY:** The National Archives and Records Administration (NARA) publishes notice at least once monthly of certain Federal agency requests for records disposition authority (records schedules). Once approved by NARA, records schedules provide mandatory instructions on what happens to records when no longer needed for current Government business. They authorize the preservation of records of continuing value in the National Archives of the United States and the destruction, after a specified period, of records lacking administrative, legal, research, or other value. Notice is published for records schedules in which agencies propose to destroy records not previously authorized for disposal or reduce the retention period of records already authorized for disposal. NARA invites public comments on such records schedules, as required by 44 U.S.C. 3303a(a).

**DATES:** Requests for copies must be received in writing on or before September 4, 2003. Once the appraisal of the records is completed, NARA will send a copy of the schedule. NARA staff usually prepare appraisal memorandums that contain additional information concerning the records covered by a proposed schedule. These, too, may be requested and will be provided once the appraisal is completed. Requesters will be given 30 days to submit comments.

**ADDRESSES:** To request a copy of any records schedule identified in this notice, write to the Life Cycle Management Division (NWML), National Archives and Records Administration (NARA), 8601 Adelphi Road, College Park, MD 20740-6001. Requests also may be transmitted by FAX to 301-837-3698 or by e-mail to [records.mgt@nara.gov](mailto:records.mgt@nara.gov). Requesters must cite the control number, which appears in parentheses after the name of the agency which submitted the schedule, and must provide a mailing address. Those who desire appraisal reports should so indicate in their request.

**FOR FURTHER INFORMATION CONTACT:** Paul M. Wester, Jr., Director, Life Cycle Management Division (NWML), National Archives and Records Administration, 8601 Adelphi Road, College Park, MD 20740-6001. Telephone: 301-837-3120. e-mail: [records.mgt@nara.gov](mailto:records.mgt@nara.gov).

**SUPPLEMENTARY INFORMATION:** Each year Federal agencies create billions of records on paper, film, magnetic tape, and other media. To control this accumulation, agency records managers prepare schedules proposing retention periods for records and submit these schedules for NARA's approval, using the Standard Form (SF) 115, Request for Records Disposition Authority. These schedules provide for the timely transfer into the National Archives of historically valuable records and authorize the disposal of all other records after the agency no longer needs them to conduct its business. Some schedules are comprehensive and cover all the records of an agency or one of its major subdivisions. Most schedules, however, cover records of only one office or program or a few series of records. Many of these update previously approved schedules, and some include records proposed as permanent.

No Federal records are authorized for destruction without the approval of the Archivist of the United States. This approval is granted only after a thorough consideration of their administrative use by the agency of origin, the rights of the Government and of private persons directly affected by the Government's activities, and whether or not they have historical or other value.

Besides identifying the Federal agencies and any subdivisions requesting disposition authority, this public notice lists the organizational unit(s) accumulating the records or indicates agency-wide applicability in the case of schedules that cover records that may be accumulated throughout an agency. This notice provides the control number assigned to each schedule, the total number of schedule items, and the number of temporary items (the records proposed for destruction). It also includes a brief description of the temporary records. The records schedule itself contains a full description of the records at the file unit level as well as their disposition. If NARA staff has prepared an appraisal memorandum for the schedule, it too includes information about the records. Further information about the disposition process is available on request.
