

Proposed Rules

Federal Register

Vol. 68, No. 139

Monday, July 21, 2003

This section of the FEDERAL REGISTER contains notices to the public of the proposed issuance of rules and regulations. The purpose of these notices is to give interested persons an opportunity to participate in the rule making prior to the adoption of the final rules.

DEPARTMENT OF AGRICULTURE

Agricultural Marketing Service

7 CFR Part 948

[Docket No. FV03-948-3 PR]

Irish Potatoes Grown in Colorado; Increased Assessment Rate

AGENCY: Agricultural Marketing Service, USDA.

ACTION: Proposed rule.

SUMMARY: This rule would increase the assessment rate established for the Area No. 2 Colorado Potato Administrative Committee (Committee) for the 2003-2004 and subsequent fiscal periods from \$0.0035 to \$0.0051 per hundredweight of potatoes handled. The Committee locally administers the marketing order which regulates the handling of potatoes grown in Colorado. Authorization to assess potato handlers enables the Committee to incur expenses that are reasonable and necessary to administer the program. The fiscal period begins September 1 and ends August 31. The assessment rate would remain in effect indefinitely unless modified, suspended, or terminated.

DATES: Comments must be received by August 20, 2003.

ADDRESSES: Interested persons are invited to submit written comments concerning this rule. Comments must be sent to the Docket Clerk, Marketing Order Administration Branch, Fruit and Vegetable Programs, AMS, USDA, 1400 Independence Avenue SW, STOP 0237, Washington, DC 20250-0237; Fax: (202) 720-8938, or E-mail: moab.docketclerk@usda.gov. Comments should reference the docket number and the date and page number of this issue of the **Federal Register** and will be available for public inspection in the Office of the Docket Clerk during regular business hours, or can be viewed at: <http://www.ams.usda.gov/fv/moab.html>.

FOR FURTHER INFORMATION CONTACT: Teresa Hutchinson, Marketing Specialist, Northwest Marketing Field

Office, Marketing Order Administration Branch, Fruit and Vegetable Programs, AMS, USDA, 1220 SW Third Avenue, suite 385, Portland, Oregon 97204; telephone: (503) 326-2724, Fax: (503) 326-7440; or George Kelhart, Technical Advisor, Marketing Order Administration Branch, Fruit and Vegetable Programs, AMS, USDA, 1400 Independence Avenue SW, STOP 0237, Washington, DC 20250-0237; telephone: (202) 720-2491, Fax: (202) 720-8938.

Small businesses may request information on complying with this regulation by contacting Jay Guerber, Marketing Order Administration Branch, Fruit and Vegetable Programs, AMS, USDA, 1400 Independence Avenue SW, STOP 0237, Washington, DC 20250-0237; telephone: (202) 720-2491, Fax: (202) 720-8938, or E-mail: Jay.Guerber@usda.gov.

SUPPLEMENTARY INFORMATION: This rule is issued under Marketing Agreement No. 97 and Order No. 948, both as amended (7 CFR part 948), regulating the handling of potatoes grown in Colorado, hereinafter referred to as the "order." The order is effective under the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601-674), hereinafter referred to as the "Act."

The Department of Agriculture (USDA) is issuing this rule in conformance with Executive Order 12866.

This rule has been reviewed under Executive Order 12988, Civil Justice Reform. Under the marketing order now in effect, Colorado potato handlers are subject to assessments. Funds to administer the order are derived from such assessments. It is intended that the assessment rate as proposed herein would be applicable to all assessable potatoes beginning on September 1, 2003, and continue until amended, suspended, or terminated. This rule will not preempt any State or local laws, regulations, or policies, unless they present an irreconcilable conflict with this rule.

The Act provides that administrative proceedings must be exhausted before parties may file suit in court. Under section 608c(15)(A) of the Act, any handler subject to an order may file with USDA a petition stating that the order, any provision of the order, or any obligation imposed in connection with the order is not in accordance with law and request a modification of the order

or to be exempted therefrom. Such handler is afforded the opportunity for a hearing on the petition. After the hearing USDA would rule on the petition. The Act provides that the district court of the United States in any district in which the handler is an inhabitant, or has his or her principal place of business, has jurisdiction to review USDA's ruling on the petition, provided an action is filed not later than 20 days after the date of the entry of the ruling.

This rule would increase the assessment rate established for the Committee for the 2003-2004 and subsequent fiscal periods from \$0.0035 to \$0.0051 per hundredweight of potatoes.

The Colorado potato marketing order provides authority for the Committee, with the approval of USDA, to formulate an annual budget of expenses and collect assessments from handlers to administer the program. The members of the Committee are producers and handlers of Colorado potatoes. They are familiar with the Committee's needs and with the costs for goods and services in their local area and are thus in a position to formulate an appropriate budget and assessment rate. The assessment rate is formulated and discussed in a public meeting. Thus, all directly affected persons have an opportunity to participate and provide input.

For the 2001-2002 and subsequent fiscal periods, the Committee recommended, and USDA approved, an assessment rate that would continue in effect from fiscal period to fiscal period unless modified, suspended, or terminated by USDA upon recommendation and information submitted by the Committee or other information available to USDA.

The Committee met on May 15, 2003, and recommended 2003-2004 expenditures of \$85,695 and an assessment rate of \$0.0051 per hundredweight of potatoes. In comparison, last year's budgeted expenditures were \$74,643. The assessment rate of \$0.0051 is \$0.0016 higher than the rate currently in effect. The higher assessment rate is necessary to offset an increase in salaries and operation expenses.

The major expenditures recommended by the Committee for the 2003-2004 fiscal period include \$54,520

for salaries, \$9,925 for office expenses, and \$7,300 for building maintenance. Budgeted expenses for these items in 2002–2003 were \$41,703, \$9,700, and \$7,650, respectively.

The assessment rate recommended by the Committee was derived by dividing anticipated expenses by expected shipments of Colorado potatoes. Colorado potato shipments for the year are estimated at 17,000,000 hundredweight which should provide \$86,700 in assessment income. Income derived from handler assessments should be adequate to cover budgeted expenses. Funds in the reserve (estimated at \$14,025 as of August 31, 2003) would be kept within the maximum permitted by the order (approximately two fiscal periods' expenses; \$ 948.78).

The proposed assessment rate would continue in effect indefinitely unless modified, suspended, or terminated by USDA upon recommendation and information submitted by the Committee or other available information.

Although this assessment rate would be in effect for an indefinite period, the Committee would continue to meet prior to or during each fiscal period to recommend a budget of expenses and consider recommendations for modification of the assessment rate. The dates and times of Committee meetings are available from the Committee or USDA. Committee meetings are open to the public and interested persons may express their views at these meetings. USDA would evaluate Committee recommendations and other available information to determine whether modification of the assessment rate is needed. Further rulemaking would be undertaken as necessary. The Committee's 2003–2004 budget and those for subsequent fiscal periods would be reviewed and, as appropriate, approved by USDA.

Initial Regulatory Flexibility Analysis

Pursuant to requirements set forth in the Regulatory Flexibility Act (RFA), the Agricultural Marketing Service (AMS) has considered the economic impact of this rule on small entities. Accordingly, AMS has prepared this initial regulatory flexibility analysis.

The purpose of the RFA is to fit regulatory actions to the scale of business subject to such actions in order that small businesses will not be unduly or disproportionately burdened. Marketing orders issued pursuant to the Act, and the rules issued thereunder, are unique in that they are brought about through group action of essentially small entities acting on their own

behalf. Thus, both statutes have small entity orientation and compatibility.

There are approximately 90 handlers of Colorado Area No. 2 potatoes subject to regulation under the order and approximately 230 producers of potatoes in the regulated production area. Small agricultural firms are defined by the Small Business Administration (13 CFR 121.201) as those having annual receipts of less than \$5,000,000, and small agricultural producers are defined as those whose annual receipts are less than \$750,000.

During the 2001–2002 fiscal period, 14,805,719 hundredweight of Colorado Area No. 2 potatoes were inspected under the order and sold into the fresh market. Based on an estimated average f.o.b. price of \$11.75 per hundredweight, the Committee estimates that 79, or about 88 percent of the Area No. 2 handlers, had annual receipts of less than \$5,000,000.

In addition, based on information provided by the National Agricultural Statistics Service, the average producer price for Colorado fall potatoes for the 2001–2002 fiscal period was \$9.65 per hundredweight. The average annual producer revenue for the 230 Colorado Area No. 2 potato producers is therefore calculated to be approximately \$621,196. In view of the foregoing, the majority of the Colorado Area No. 2 potato producers and handlers may be classified as small entities.

This rule would increase the assessment rate established for the Committee and collected from handlers for the 2003–2004 and subsequent fiscal periods from \$0.0035 to \$0.0051 per hundredweight of potatoes. The Committee recommended 2003–2004 expenditures of \$85,695 and an assessment rate of \$0.0051 per hundredweight. The proposed assessment rate is \$0.0016 higher than the current rate. The quantity of assessable Area No. 2 Colorado potatoes for the 2003–2004 fiscal period is estimated at 17,000,000 hundredweight. Thus, the \$0.0051 rate should provide \$86,700 in assessment income and be adequate to meet this fiscal period's expenses.

The major expenditures recommended by the Committee for the 2003–2004 fiscal period include \$54,520 for salaries, \$9,925 for office expenses, and \$7,300 for building maintenance. Budgeted expenses for these items in 2002–2003 were \$41,703, \$9,700, and \$7,650, respectively.

The higher assessment rate is necessary to offset an increase in salaries and operation expenses.

The Committee discussed alternatives to this rule, including alternative

expenditure levels. Lower assessment rates were considered, but not recommended because they would not generate the income necessary to administer the program with adequate reserves.

The assessment rate of \$0.0051 per hundredweight of assessable potatoes was determined by dividing the total recommended budget by the quantity of assessable potatoes, estimated at 17,000,000 hundredweight for the 2003–2004 fiscal period. This is approximately \$1,005 above the anticipated expenses, which the Committee determined to be acceptable.

A review of historical information and preliminary information pertaining to the upcoming fiscal period indicates that the producer price for the 2003–2004 fiscal period could range between \$2.95 and \$9.65 per hundredweight of Colorado fall potatoes. Therefore, the estimated assessment revenue for the 2003–2004 fiscal period as a percentage of total producer revenue could range between 0.05 and 0.17 percent.

This action would increase the assessment obligation imposed on handlers. While assessments impose some additional costs on handlers, the costs are minimal and uniform on all handlers. Some of the additional costs may be passed on to producers. However, these costs would be offset by the benefits derived by the operation of the marketing order. In addition, the Committee's meeting was widely publicized throughout the Area No. 2 Colorado potato industry and all interested persons were invited to attend the meeting and participate in Committee deliberations on all issues. Like all Committee meetings, the May 15, 2003, meeting was a public meeting and all entities, both large and small, were able to express views on this issue. Finally, interested persons are invited to submit information on the regulatory and informational impacts of this action on small businesses.

This proposed rule would impose no additional reporting or recordkeeping requirements on either small or large Colorado Area No. 2 potato handlers. As with all Federal marketing order programs, reports and forms are periodically reviewed to reduce information requirements and duplication by industry and public sector agencies.

USDA has not identified any relevant Federal rules that duplicate, overlap, or conflict with this rule.

A small business guide on complying with fruit, vegetable, and specialty crop marketing agreements and orders may be viewed at: <http://www.ams.usda.gov/fv/moab.html>. Any questions about the

compliance guide should be sent to Jay Guerber at the previously mentioned address in the **FOR FURTHER INFORMATION CONTACT** section.

A 30-day comment period is provided to allow interested persons to respond to this proposed rule. Thirty days is deemed appropriate because: (1) The 2003–2004 fiscal period begins on September 1, 2003, and the marketing order requires that the rate of assessment for each fiscal period apply to all assessable potatoes handled during such fiscal period; (2) the Committee needs to have sufficient funds to pay for expenses which are incurred on a continuous basis; and (3) handlers are aware of this action which was recommended by the Committee at a public meeting and is similar to other assessment rate actions issued in past years.

List of Subjects in 7 CFR Part 948

Marketing agreements, Potatoes, Reporting and recordkeeping requirements.

For the reasons set forth in the preamble, 7 CFR part 948 is proposed to be amended as follows:

PART 948—IRISH POTATOES GROWN IN COLORADO

1. The authority citation for 7 CFR part 948 continues to read as follows:

Authority: 7 U.S.C. 601–674.

2. Section 948.216 is revised to read as follows:

§ 948.216 Assessment rate.

On and after September 1, 2003, an assessment rate of \$0.0051 per hundredweight is established for Colorado Area No. 2 potatoes.

Dated: July 16, 2003.

A.J. Yates,

Administrator, Agricultural Marketing Service.

[Docket No. 2000–NE–47–AD]

RIN 2120–AA64

Airworthiness Directives; Pratt & Whitney PW4000 Series Turbofan Engines

AGENCY: Federal Aviation Administration, DOT.

ACTION: Notice of proposed rulemaking (NPRM).

SUMMARY: The Federal Aviation Administration (FAA) proposes to supersede an existing airworthiness directive (AD), that is applicable to Pratt & Whitney (PW) model PW4050, PW4052, PW4056, PW4060, PW4060A, PW4060C, PW4062, PW4152, PW4156, PW4156A, PW4158, PW4160, PW4460, PW4462, and PW4650 turbofan engines. That AD currently requires interim actions to address engine takeoff power loss events until the high-pressure-compressor (HPC) case is redesigned and available for incorporation on the PW4000 engines. That amendment also requires on-wing Testing-21 to engines installed on Boeing 747 and MD–11 airplanes, and the installation of a new Ring Case Configuration (RCC) rear HPC on PW 4000 series engines installed in the Boeing fleet as terminating action to the requirements of that AD. This proposal is prompted by the development of an RCC rear HPC for PW4000 series turbofan engines installed in the Airbus fleet. The actions specified by this proposed AD are intended to prevent engine takeoff power losses due to HPC surge.

DATES: Comments must be received by August 25, 2003.

ADDRESSES: Submit comments in triplicate to the Federal Aviation Administration (FAA), New England Region, Office of the Regional Counsel, Attention: Rules Docket No. 2000–NE–47–AD, 12 New England Executive Park, Burlington, MA 01803–5299. Comments may be inspected at this location, by appointment, between 8 a.m. and 4:30 p.m., Monday through Friday, except Federal holidays. Comments may also be sent via the Internet using the following address: *9-ane-adcomment@faa.gov*. Comments sent via the Internet must contain the docket number in the subject line.

The service information referenced in this proposed AD may be obtained from Pratt & Whitney, 400 Main St., East Hartford, CT 06108, telephone (860) 565–6600; fax (860) 565–4503. This information may be examined, by appointment, at the Federal Aviation Administration (FAA), New England Region, Office of the Regional Counsel, 12 New England Executive Park, Burlington, MA.

FOR FURTHER INFORMATION CONTACT: Diane Cook, Aerospace Engineer, Engine Certification Office, FAA, Engine and Propeller Directorate, 12 New England Executive Park, Burlington, MA 01803–5299; telephone (781) 238–7133; fax (781) 238–7199.

SUPPLEMENTARY INFORMATION:

Comments Invited

Interested persons are invited to participate in the making of the proposed rule by submitting such written data, views, or arguments as they may desire. Communications should identify the Rules Docket number and be submitted in triplicate to the address specified above. All communications received on or before the closing date for comments, specified above, will be considered before taking action on the proposed rule. The proposals contained in this action may be changed in light of the comments received.

Comments are specifically invited on the overall regulatory, economic, environmental, and energy aspects of the proposed rule. All comments submitted will be available, both before and after the closing date for comments, in the Rules Docket for examination by interested persons. A report summarizing each FAA-public contact concerned with the substance of this proposal will be filed in the Rules Docket.

Commenters wishing the FAA to acknowledge receipt of their comments submitted in response to this action must submit a self-addressed, stamped postcard on which the following statement is made: “Comments to Docket Number 2000–NE–47–AD.” The postcard will be date stamped and returned to the commenter.

Availability of NPRM’s

Any person may obtain a copy of this NPRM by submitting a request to the FAA, New England Region, Office of the Regional Counsel, Attention: Rules Docket No. 2000–NE–47–AD, 12 New England Executive Park, Burlington, MA 01803–5299.

Discussion

On May 28, 2003, the FAA issued AD 2003–11–18, Amendment 39–13177 (68 FR 33844, June 6, 2003), which supersedes AD 2002–21–10. AD 2003–11–18 was published as an interim action to address engine takeoff power loss events until the HPC case could be redesigned and available for incorporation on the PW4000 engines. That action also added on-wing Testing-21 to engines installed on Boeing 747 and MD–11 airplanes, and required the installation of a new RCC rear HPC on engines installed in the Boeing fleet as terminating action to the requirements of that AD. That AD was prompted by the development of an RCC rear HPC for PW4000 series turbofan engines installed in the Boeing fleet. The actions
